Total voters down 2,600

Eakins wins election, tops polls at 12,807

Liberal incumbent John Eakins was re-elected last Thursday although his majority vote dropped 2,411 votes since his 1977 election victory.

Eakins out-performed his opponents at the polls with 12,807 constituents in the Victoria-Haliburton riding marking an 'X' beside his name on the ballot. His closest rival, Dave Murray running as a Davis team

member for the Progressive Conservatives, accumulated 10,509 votes, only losing out by 2,298 ballots. The NDP's hopeful, Art Field was not a threat at 2,455 votes.

In this winter election only 25,971 voters travelled to the polls, some 2,595 down from the 1977 total of 28,566.

Eakins seemed to lose the majority of the votes as his percentage of the popular vote dropped from 53.3 per

cent in 1977 to 49.3 in this election.

Murray actually increased the Conservatives' percentage of the popular vote from 36.9 per cent in 1977 when lawyer Jim Webster carried the party's banner, to 40.5 this time.

Although Webster picked up more votes than Murray, 10,539 in 1977 compared to 10,509 this election, the Conservative lost only 30 votes.

The NDP also lost a percentage of the voters, down 354 votes from teacher Fred McLaughlin's candidacy in 1977. With 2,809 in 1977 McLaughlin's per cent of the voters was 9.8 while Field rallied 9.5 per cent of the voters behind him.

The returns from the polls were quick with Murray conceding the election near 8:30 p.m. at Eakins campaign headquarters in Lindsay.

With the campaign headquarters filled to capacity with supporters, Eakins said that he and Murray had been friends before, during and hoped they would be after the election.

"When Dave decided to run the first person he called was me, and I appreciated that," Eakins said.

Murray congratulated Eakins on his victory, saying that he would be willing to help him in the future.

NDP candidate Art Field came to the Liberal victory party at the Royal Canadian Legion to congratulate Eakins.

Field commended the democratic system that allowed people with different ideas a chance to express them with a polling day to let the majority speak the wishes of the people.

"We'll be back with our ideas, next time," Field said.

After all the votes had been counted, Eakins lost only six polls and tied two in Haliburton County.

"Haliburton has just been excellent," Eakins said.

"I've worked hard for them in the years between elections and their response has been tremendous," Eakins said.

Eakins' seat was one of 34 the provincial Liberals were elected in.

Many children and adults enjoyed touring the maple sugar bush at the Frost Centre, Saturday. Here, Jennifer Sovereign, right, Tracy Parkinson, center,

and Laurie Wood, all of Dwight, enjoyed the warmth from the old-time sap kettle. The sugar bush is now set up on the main line system.

Chamber request cut \$8,500

Only two organizations in Haliburton County will be getting more money from county council this year, while a number of others will see their grants either stay the same or fall.

The Haliburton Highlands Chamber of Commerce will get \$16,500 from the county, an increase of 10 per cent from the \$15,000 the county granted last year. But the increase was small consolation for the Chamber Board, who had asked for a whopping \$10,000 increase to \$25,000.

The Chamber hoped to use the extra money to improve its promotional program, and has committed itself to a substantial expenditure for a toll free telephone line as part of that accelerated promotional plan.

The line will be partially supported by Chamber members, paying \$50 a month to use the line for reservations at their resorts, but the rest of the money will have to come from general funds. And while the impact of the small grant increase is now known, Chamber directors may be forced to cut back on planned expenditures to meet the shortfall.

Haliburton County's Home Support Services group was the only other body to increase, from \$500 to \$600.

The organization operates a number of programs designed to help the county's seniors stay in their homes, including meals on wheels, friendly visiting, income tax services, phone-a-friend, and wheels-to-meals.

The Haliburton County Fair will get only half of what it got last year. Its grant has been cut from \$1000 to \$500, apparently because the fair makes rather than loses money.

The Guild of Fine Arts will also receive less from the county this year. Its grant has been cut to \$1000 from \$1,200.

Other grants remain virtually unchanged in the new budget. They include \$10,000 for the Economic Development Commission, \$2000 to the Haliburton County Snowmobile Association,

\$500 to the Paudash Trail Blazers, \$1000 for the Stanhope Airport, \$100 to the social planning council, \$300 to the Salvation Army, \$100 each to the Heart Fund and the Arthritis Society, \$300

each to St. John's Ambulance and the CNIB, \$200 to the Cancer Society and \$75 to the Canadian Mental Health Fund.

A one-time grant of \$500 will go to the committee

planning Monmouth's centennial celebrations this year.

As a result of the cuts, total expenditures for grants in the new budget have fallen by \$100 from last year's total, and stand at \$35,275.

Official duties begin July 1

Lucinda St. Pierre is gallery's curator

The Haliburton Highlands Rails' End Gallery has hired a full-time curator, Lucinda St. Pierre. St. Pierre's official duties begin the first of July when her teaching job in Toronto ends.

With 11 years teaching experience in the public school system and a graduate of the Ontario Art College, St. Pierre is a very likely choice for the new job.

Since the gallery has asked the board of education to pay a share of St. Pierre's wage, her teaching qualifications will be an added bonus.

St. Pierre's duties will be surrounding the promotion and operation of the gallery and its shows as well as helping teachers coordinate useful art courses for the county students.

During her March break and a few weekends between now and July, St. Pierre will be learning the operation of the gallery and meeting many helpful people in the area.

Although she is a weaver and a painter, St. Pierre said she will have to put her own pastimes aside and direct her creative energies towards the gallery's activities.

"It's a very big job and they (the Guild of Fine Arts) need a full-time person. I can definitely see the gallery is growing fast," St. Pierre said Monday.

With her two-fold job, St. Pierre hopes she will be able to coordinate the area schools' art complimented with classroom visits to the gallery.

"With the interest from the schools, it looks like it (the gallery) is fast becoming a cultural centre for the county."

"I'd like to make it an exciting place to visit," St. Pierre said.

The programs of demonstrations, workshops and possibly small musical concerts will help to make the gallery an interesting place to visit, St. Pierre said.

Another added attraction, St. Pierre might like to see implemented would be an opening or special event near the beginning of each different show to attract local residents and tourists alike to the gallery.

St. Pierre has visited in the area in the past and

County budget up, blame 1980 deficit

Projected spending increases for roads, bank interest and Hyland Crest senior citizens home, coupled with a 1980 deficit of \$32,828, have resulted in a 21 per cent increase in the county's 1981 budget.

Total expenditures for the current year are expected to be \$903,808, compared to 1980 anticipated spending of \$744,711, and an actual 1980 expenditure of \$784,193.19.

County councillors were clearly uneasy with the size of the increase, but appeared to view it as inevitable, passing the budget without amendment at their March session last Wednesday.

In a brief statement to council before budget committee chairman Jim Harrison outlined the new budget, warden Murray Fearrey, an ex officio member of the committee, told council: "I don't think any of us are proud to bring in a budget with this sort of increase, but there's nothing we can do about it."

Harrison concurred when he rose to reveal details of the budget. He said the committee tried to cut down on expenditures as much as possible "but it's still coming out with fairly hefty increase."

Biggest single increases in the budget are for county roads, Hyland Crest and bank interest. The road budget has been set at \$2,033,000 of which the county's share of \$442,000, a 15 per cent increase over last year's projected expenditure of \$338,000.

Actual spending for roads in 1980 was \$6000 higher than anticipated because of hefty increase in interest rates, Harrison told council.

Spending for Hyland Crest will rise to \$127,500 in the new budget from a projected \$95,000 last year.

Actual expenditures for Hyland Crest were \$118,937 in 1980 however, due to wage increases won by the newly unionized nurses, and additional increases granted to management in the wake of the nurses' settlement.

Other over-expenditures in 1980 were for tax write-offs, bank interest charges (almost \$4000 higher than anticipated), sewers, office expenses, and promotion (which included the railway hearing,

the railway feasibility study, and the push for DREE funding).

In the category of general government, the new budget calls for expenditures of \$108,080, up from a projected \$81,500 last year and actual 1980 spending of \$89,756.38.

Spending for protection to persons and property will be down this year, to \$1,700 from an anticipated \$2,200 last year due to a decrease in funds earmarked for wolf bounties.

In the category of Health Services, spending is expected to rise to \$40,075, from \$33,400 last year, as a result of an increase in the county's

Cont'd. page 2

Apportionments to townships up 9 to 33 per cent

In the wake of a 21 per cent increase in the 1981 county budget, apportionments to all but one municipality in the county will be up between nine per cent and 33 per cent, although the average increase is in the area of 20 per cent.

Variations in percentage increases among the municipalities are the result of changes in relative wealth brought about by the new equalized assessments introduced across the province in the past year.

Some \$684,031 of the \$903,808 the county intends to spend this year will come directly from local property taxes. The rest of the funds will come from government grants and other revenues.

Anson, Hindon and Minden will contribute 17.2 per cent of the total levy, or \$125,066.53, an increase of 19 per cent over last year.

The Improvement District of Bicroft is the only one of the county's ten municipalities whose levy will be less this year than last year. The district's share of the budget is \$9,234.56, two per cent less than the 1980 levy.

Cardiff's levy is up 13 per cent from last year, and has been set at \$35,529.36.

Dysart et al taxpayers will contribute \$233,238.63 to the total budget, an increase of 21

Principal Mosgrove resigns

Staff member expected to be selected for position

Haliburton Highlands Secondary School principal Brian Mosgrove has resigned his position to take a teaching post with the board next fall.

His resignation and request to return to the classroom were accepted at a meeting of the board last Tuesday night.

A new principal, who is expected to be selected from among the board's current teaching staff, will be named later this spring.

In opting not to advertise the position across the province, the board concurred

with trustees Derrell Stamp and Lloyd Johnson, both of whom spoke in favour of allowing an existing staff member to move up.

Johnson also saw the resignation as an opportunity to consider a change in the system of department heads at the school. The board recently adopted a policy stating that if enrolment at the schools falls below 450, the present administrative structure, in which a number of teachers are paid extra money to head up subject areas, will be scrapped in

favour of a so-called 'dean' system. Under it, four teachers, would be selected to head up four general groupings of subjects. Johnson suggested the deans could be appointed to two-year terms, enabling as many teachers as possible to take on the extra responsibility over the next few years.

If the dean system is adopted, the position of vice principal would probably be dropped.

A second option discussed briefly at the board meeting

Highway should be provincial, Snowdon reeve tells council

Snowdon Township ratepayers are said to be up in arms over a proposed change in status for Highway 519 south of Haliburton Village. Under a scheme approved by county council last year - to which Snowdon's representatives objected - Highway 519 south of Haliburton, and the section of 519 that leads from Eagle Lake to Redstone Lake, will be assumed into the county system. In return the Ministry of Transportation and Communications will take over the whole of the Vankoughnet Road, (presently County Road #1 in Haliburton County) and Highway 519 from Carnarvon to Haliburton. The newly assumed highway will be numbered 118. The MTC will also provide additional subsidies for construction work on the section of 519 the county assumes.

The transfer, agreed to by minister James Snow after a visit to the county last year, is expected to benefit the area through increased tourist traffic. But Snowdon council continues to oppose the plan fearing it will have a detrimental effect on residents and businesses in the township.

At the core of the opposition is the fact that six men who now live in the township and work for the MTC will have to move to the Tory Hill area to work out of the MTC yard in that community. Council also believes fewer people will use the road, especially in winter, if it is maintained by the county rather than the MTC.

Deputy reeve John Francis told county council that while he is "in complete agreement" with changing Highway 519 to Highway 118, the people he represents do not want to lose the portion of the highway that passes through Snowdon Township. In particular, he stressed, business people in Snowdon view the proposed change as a threat to their livelihood.

Mosgrove resigns

from page 1
would see two vice principals appointed under the present department head system. A decision on the matter is expected to be made soon.

County council budget

from page 1
required contribution to the Haliburton Kawartha Pine Ridge District Health Unit. Spending for social and family services will also be up, to \$169,825, compared to \$142,005 budgeted in 1980. Actual expenditures last year were \$161,043 however, due to the Hyland Crest contract settlement and associated costs for the home.

In the category of recreation and cultural services, 1981 spending has been set at \$53,300 compared to \$45,700 in 1980. The increase will go to the Haliburton County Public Library, which is facing increased costs for rent and other items.

Spending will also be up slightly for planning and development this year, although the new figure of \$56,000 is only slightly higher than actual 1980 expenditures of \$55,692.28.

The category includes a \$1500 grant increase for the Chamber of Commerce and a \$10,000 grant to the economic development commission, the same funding it received last year.

County engineer Bill Obee questioned the assertion. He reminded Francis that when a meeting was held in the township to hear objections to the proposed transfer, only one business person turned up, and that he supported the plan.

But Francis countered that the business has since been sold, and that the new owner takes an opposite view.

Snowdon reeve Bob Vick backed up Francis' position. "I'm firmly against the change," he said.

Vick questioned the county engineer's claim that in the original agreement which set up the roads department, the MTC insisted that all provincial roads in the county had to be assumed into the county road system within 10 years. The Snowdon reeve asked why Haliburton County had to take over roads from the ministry when other counties in the area did not.

Warden Murray Fearrey replied that Vick should know the answer since he was a member of county council when the original agreement was signed.

But the Snowdon reeve would not be deterred in his attack on the proposed transfer. He said the highway "is all we've got" in Snowdon, claiming it is "the last kept highway in the province", and that if the county took it over, it would not be plowed as well or as often.

"From the first of October to the first of May we'll be shut in," he said.

Vick and Francis agreed that their council would prepare a brief for county council with a view to having the transfer agreement withdrawn.

But warden Murray Fearrey cautioned the Snowdon representatives that their stand may have come too late. Muskoka, which had delayed agreeing to the transfer until other disputes with the ministry were resolved, appeared ready to approve it late last week.

That means the transfer could be official before the next county council meeting.

Students to use Dorset rooms

The Haliburton County Board of Education has decided to allow teachers and students at Dorset Public School to use two classrooms that will be left empty when the school becomes a Kindergarten to Grade 4 facility this fall.

The decision came Tuesday night after the board reviewed an offer from Sherborne, Livingstone and McClintock Township council to lease the two empty classrooms. The board felt council's offer of a Cont'd. page 3

election to Liberal incumbent John Eakins last Thursday night in Lindsay.

County to make application for DREE

Haliburton County council has agreed that it will have to continue to participate in a joint effort with counties to the south to obtain DREE funding.

Warden Murray Fearrey told council last Wednesday that he had attended a meeting with officials from Victoria, Peterborough and Northumberland Counties at which it was decided to present a joint front to the government in hopes of obtaining DREE assistance for the whole area.

Stanhope reeve Jim Harrison spoke against taking part in the joint effort, saying he felt Haliburton County had got its "foot in the door" on the DREE issue through meetings with provincial and federal government officials last year.

But Fearrey was certain that the county's presentation to Ontario treasurer

Frank Miller and natural resources minister James Auld, among others, had moved the elusive DREE designation any closer. He noted the county could be left behind if the other counties were successful in their push and council opted not to take part.

Cardiff reeve Malcolm McGillivray supported county

representation on a joint committee to press for DREE, provided the special needs of Cont'd. page 3

C of C ignores Bicroft area chairman claims

The Haliburton Highlands Chamber of Commerce has come under fire for allegedly ignoring the Improvement District of Bicroft in its promotional literature.

The charge came from District chairman Merideth Amm following presentation of county council's 1981 budget.

Included in the proposed budget was a grant of \$16,500 to the Chamber, an increase of 10 per cent over the 1980 grant.

Amm told council that in the past, the Chamber has not included the Improvement District as a separate entity on any of its maps or in its brochures, and that Chamber material does not even include the telephone number of the district's secretary treasurer, although numbers are included for the clerks of the other nine municipalities. He called the omission "disgraceful", saying that since the Chamber is a county-wide organization and receives a grant from county council, "it would behoove the Chamber to show the whole county and not just part of it" in its promotional material.

"We would like to be recognized at least one-tenth of one per cent, since we contribute one per cent" to the county's overall budget, Amm said.

An examination of the

Chamber's 1981 Lure brochure and book confirmed Amm's assertion that the Improvement District is neither defined on maps nor included in a listing of municipal offices.

While no formal action was taken at the meeting, the omission seems likely to be rectified in future publications.

Minden man escapes fire

A Minden man escaped without injury when his truck was destroyed by fire early Friday morning.

Leslie Burke, 31, was driving south on Highway 35 at 5 a.m. when the cab began to fill with smoke. He stopped the truck and lifted the hood but the engine and cab burst into flames.

Damage to the 1979 pickup truck was estimated at \$7,000.

A Simcoe man was charged with making an unsafe turn when his vehicle struck a 1975 Ford driven by Terrance Stoughton, 42 of Agincourt.

Randy Graham was driving on Highway 503 just east of Gooderham when the accident occurred.

The Stoughton vehicle received \$1,600 in damage while Graham's vehicle damage was estimated at \$800.

PARENT AND CHILD SWIM 1 and 2

During this ten week class, parents and pre-schoolers will get a head start on the swimming season. In a structured setting children will learn the basics of swimming. Class size is limited to eight sets of swimmers (parent and child). Each child must be accompanied by an adult. All swimmers must bring their own towel and bathing suit.

INSTRUCTOR: Elizabeth Cowen
TIME: Tuesdays, April 7 - June 9 (10 weeks)
Session 1: 9 - 10 a.m.
Session 2: 10 - 11 a.m.
LOCATION: PineStone Inn Pool
FEES: \$25.00 per child.

This class is for the pre-schooler aged 1 - 5 years old.

We're doing it now: We're stopping the leak with the UI Report on Hirings.

This program stops abuse.

Not everyone who continues to receive unemployment insurance after starting a new job is cheating. They may still be entitled to some benefits. Or sometimes they've made an honest mistake. Unfortunately, a great deal of money has been wrongly paid out in the past to people who don't report a new job. Now our Report on Hirings program is putting an effective halt to this, thanks to employers who participate. Soon, people getting UI will know they must tell us that they've found work and report all their earnings.

Big and small companies are helping us succeed.

Together, the Canada Employment and Immigration Commission and employers are detecting potential overpayments. With Report on Hirings, employers give us the starting date and Social Insurance Number for each new employee or send extracts from computer payroll tapes. We cross-check this information with the Social Insurance Numbers of people getting UI. When the system detects people wrongly collecting benefits, we investigate and a penalty or prosecution may follow. But our job is not to penalize or prosecute the people. It's to pay benefits to people who should get them - no more and no less.

Employment and Immigration Canada
Lloyd Axworthy, Minister

Employment and Immigration Canada
Lloyd Axworthy, Minister

Report on Hirings.

It's simply successful.

When we prepare your taxes we back up what we do.

If your H&R Block-prepared tax return is questioned, we step in to represent you to the district taxation office, all year round, at no extra cost.

We know all the tax laws, and we double-check your return before you sign it. We'll take your place, because nothing can take the place of good solid service.

This year be sure.

Dysart holds March council

At its March meeting, Dysart et al council considered the following matters:

General accounts totalling \$29,353.84, roads accounts totalling \$47,099.69, and social services accounts totalling \$8,056.80 were approved for payment.

The Department of Transport will be requested to mark or remove part of the rock in Keshawgamog Lake to prevent boat damage and/or injury to boaters and/or water skiers in the area of Royal View Lodge.

A selection committee to review the applications for a recreation director, and to arrange interviews will be composed of Murray G. Fearrey, Sidney Cooper, Gary McKnight, and Brian Black.

Howard Roberts will attend the C.S. Anderson Road School, Sunday, May 3 to Wednesday, May 6, 1981, at the University of Guelph.

The application for rezoning of Parts 1 and 2 of Plan 19R-2292, by Haliburton Highlands Properties Limited was approved and the required by-law will be prepared.

The reeve and clerk were authorized to sign the agreement between the municipality and Haliburton Highlands Properties Limited concerning Parts 1 to 6 of Plan 19R-2293 and Parts 1 and 2 of Plan 19R-2292.

Council concurred with the recommendations of the Ontario Humane Society regarding the keeping of wild-

life in captivity and the licensing thereof and the minister of Natural Resources be so advised.

The reeve and clerk were authorized to sign the lease between the Municipality of Dysart and Ontario Hydro for an aerial line across Block A, Plan 567, Dysart and Block A, Plan 482, Dudley.

The Municipality of Dysart et al recognized the encroachment of James Dunford on the Dysart portion of the Harcourt-Cardiff Boundary. (Lot 21, Concession 2).

Derrell B. Stamp was appointed as campground administrator, and Robert S. English was appointed as campground inspector under the provisions of By-law No. 81-6, Mun. of Dysart et al.

The following by-laws were passed:

By-law No. 81-10, a by-law to amend By-law No. 79-20; By-law No. 81-11, a by-law to amend By-law No. 79-21; By-law No. 81-12, a by-law to close, stop up and convey part of the former travelled County Road 7, situate in Lots 17 and 18, Concession 7, 8 and 9, Township of Guilford; By-law

No. 81-13, a by-law to appoint municipal officials; By-law No. 81-14, a by-law to adjust salaries of the road superintendent; and By-law No. 81-15, a by-law to appoint a chief building official.

The municipality will impose the following cash payments, in lieu of a 5 per cent parkland dedication on all lots created by consent of the Land Division Committee: Lot 25 acres or more - \$50 per lot created; Lot 5000 square feet to 24 acres - \$35 per lot created; Additions under one acre and right-of-way - no payment required.

The municipality will impose the following cash payments in lieu of a 5 per cent parkland dedication on all plans of subdivision approved by the Minister of Housing where the minister has authorized acceptance of a cash in lieu payment. Lots for seasonal residential use - \$200 per lot. Lots for residential use - \$150 per lot.

This policy may be varied should the circumstances on a particular plan of subdivision warrant the same.

The tender of Thompson

Crushed Stone and Gravel Limited for the crushing of 26,000 yards of pit run gravel, 3/4" screen was accepted as follows: Foxes Corners - 10,000 cu. yds. - \$1.34 per cu. yd.; Municipal Pit, West Guilford (including screening excess sand) - \$1.20 per cu. yd.; Haliburton Lake (including primary crushing) - \$1.59 per cu. yd.

The tender of Blair Contracting for the construction of the addition to the ambulance garage as per blue print and spec. sheet, was accepted in the amount of \$16,630. Construction is to commence at the earliest possible date.

The reeve, Murray G. Fearrey, left the chambers during the acceptance of this tender and refrained from comment and/or discussion in the matter.

The clerk will proceed to order the 1981 International Tandem from Boice Motor Sales, as approved by the Ministry of Transportation and Communications and council's resolution of February 9, 1981.

The tender of Preston Tractor Sales, Sundridge, Ontario, was accepted for the supply of one new 1980 model 580D Case Tractor/Backhoe in the amount of \$30,050 with trade-in of 1970 model 50 Massey Ferguson.

Two credit system to continue despite pleas

A two credit shop system will continue for at least another year at Haliburton Highlands Secondary School despite shop teachers' request for a reinstatement of a three credit system.

Trustee Len Salvatori, chairman of the board's special projects committee, told the board last Tuesday night that the committee felt the two credit system should be retained next year even though a number of the teachers wanted to return to the former system.

Shop programs were reduced from three credits to two last year to allow students in academic programs an opportunity to choose a shop course as one of their options. The move has worked, the board was told. Total shop credits rose to 700 this year under the two credit system from 500 the year before, when the three credit system was still in place.

Salvatori said the teachers felt some of the emphasis and value of shop courses had been lost by the move to two credits, and that the students were not being as well trained. The increased number of students electing shop options has also resulted in crowding, and increased wear and tear on machinery and tools.

But Salvatori said the two credit system is in keeping with a generally accepted philosophy that secondary schools introduce students to technical subjects rather than train them to enter the job market as skilled mechanics, carpenters or electricians. Those who want to pursue a trade after graduation can do so through apprenticeship programs or community college courses, he noted.

The board agreed to make no change for at least another year, when the system will again come under review.

Stanhope meets in March

Stanhope Township council met for a regular meeting on March 11. Members present included reeve, James Harrison, deputy-reeve Elgin Stouffer, councillors - Harry Davis, Elvin Johnson and Dale MacDonald. The following individuals and delegations were also in attendance: Derek Rolfe - safety officer, Stanhope Airport, George Wilson, fire chief; Jim Moore - building inspector; Marvin Brown - road superintendent; Ann Barker re: Stanhope Fun Days.

Elgin Stouffer being absent from the previous meeting declared a conflict of interest on the following items on the agenda for February 11, 1981. 1. General accounts payable Item # 29. 2. Item #5 at 11:15 a.m. - re: request to accept deed of allowance for road.

Dale MacDonald declared a conflict of interest on the following items on the agenda for March 11, 1981. 1. General accounts payable - Item # 49. 2. Road voucher #2.

Elgin Stouffer declared a conflict of interest on the following on the March 11, 1981 agenda: 1. General accounts payable - Item #36.

Moved by Harry Davis, seconded by Elgin Stouffer, the minutes of the last regular meeting held February 11, 1981 were adopted as circulated.

Moved by Dale MacDonald

seconded by Elvin Johnson, that council hereby grants approval to the Stanhope Airport Committee to organize, conduct and hold an Airport Fly In to be held July 12, 1981 at the Haliburton Highlands Stanhope Airport.

Moved by Elvin Johnson, seconded by Elgin Stouffer, that council acknowledge receipt of the fire chief's report dated March 11, 1981.

Moved by Elvin Johnson, seconded by Elgin Stouffer, that fire fighters be paid for all fire fighting time in Minden and also for accidents on highways covered by the Department of Highways.

Moved by Harry Davis, seconded by Elvin Johnson, that council acknowledge receipt of minutes of recreation meetings held January 29, 1981 and February 25, 1981, respectively.

Moved by Harry Davis, seconded by Elgin Stouffer, that council acknowledge receipt of minutes of meetings of the Community Centre's Board held January 29, 1981, February 3, 1981 and February 19, 1981.

Moved by Harry Davis, seconded by Elvin Johnson, that council authorize and direct an application to be forwarded to Employment and Immigration Canada requesting that funding be provided to this township for the hiring of three (3) students for eight weeks under the Summer Canada 1981 Student Employment Program.

Moved by Harry Davis, seconded by Dale MacDonald, that council agree with the views and opinions of the Ontario Humane Society with respect to proposed legislation by the Minister of Natural Resources which would authorize the keeping of wildlife in captivity under certain conditions.

Moved by Elgin Stouffer, seconded by Dale MacDonald, that council amend resolution #13 of a meeting held February 11, 1981 to add Fred Chapple, Carnarvon, Ontario as a fire permit issuer for this township and delete the name of Harold Burton from this position.

Moved by Elvin Johnson, seconded by Elgin Stouffer, that council authorize the

Anglicans eat rice to help Cambodians

Many Anglicans in Haliburton Village probably went to bed hungry last Friday night after simulating a day in the life of a Cambodian.

Throughout the day, members of the congregation fasted until their evening meal of a bowl of rice and a glass of water.

The Anglicans dedicated their day-long vigil to the people of Cambodia who spend most of their lives stealing scraps of food to eat, Reverend Trevor Denny said on Friday.

The evening meal was part of a Third World banquet where the congregation brought their own bowl and paid for the meager meal.

"We're going to be made more aware (of the Cambodians' plight)," Reverend Denny explained.

The Third World banquet, a first for Haliburton Village, will aid Cambodian people in their daily fight for survival, Reverend Denny said.

During the evening, a speaker from World Vision International discussed the problems of the Cambodian people.

The Third World banquet is part of a 10-day awareness time when parishioners give up chocolate bars, desserts and other treats to aid the less fortunate, Reverend Denny explained.

The congregation had small change banks where they could deposit the money they were going to spend on luxuries, Reverend Denny explained. This money will also go to help the less fortunate.

As well as helping the poor in Cambodia, Reverend Denny said the congregation has been looking at the problems being experienced by the Indian and Eskimos in Canadian North.

"We're helping our own back yard as well," he said.

Because of the high cost of living in the north, Reverend Denny said the parishes "need a lot of support".

Although the 10-day awareness time hasn't been strictly adhered to in the past few years, the time has traditionally been set aside by the Anglican Church to honour the less fortunate.

The 10-day stretch began on March 15.

Board to share costs of gallery's curator

Satisfied that the new curator of the Raily's End Station Gallery is qualified to act as an art consultant to county schools, the board of education has agreed to pay a portion of her salary.

A joint committee of the board and the Haliburton Highlands Guild of Fine Arts recently chose Lucinda St. Pierre, an art teacher with ten years' experience, who is currently teaching in Toronto, to fill the position of Gallery curator and art consultant. Her Gallery duties will begin in July, while her work for the board will commence in September.

The board agreed Tuesday night that its contribution to St. Pierre's salary would amount to one quarter of the salary a teacher with her qualifications would receive according to the current col-

lective agreement between teachers and the board.

Trustee Derrell Stamp expressed concern that the board's share might amount to more than a quarter of her total salary, despite the fact that she will be expected to put in only a quarter of her time acting as a consultant in the schools.

But director of education, J. Douglas Hodgson said he felt that based on her qualifications, St. Pierre's final salary would probably be close to that of a teacher once the Guild's contribution has been included.

Total cost to the board will be in the \$7000 to \$8000 range.

The board's contribution will be reviewed at the end of the next teaching year, following an ongoing assessment of St. Pierre's work in the schools.

Jody Kirchner, daughter of Bud and Paula Kirchner, tried to treat her top rated cow to a piece of apple. Enniskillen Flash Pami received the top award of supreme excellent during a recent evaluation by the Jersey Club of Canada. The rating not only increases Pami's worth but also increases the value of her offspring.

Kirchner's Pami gets top award

Enniskillen Flash Pami is a supreme excellent cow.

Recently evaluated by the Jersey Club of Canada, Pami, owned by Jody Kirchner, daughter of Bud and Paula Kirchner, was awarded the top honour which cows can achieve.

Pami, a 12 year old purebred Jersey, was graded for all the best characteristics of a cow, Bud Kirchner said last week.

To receive a grade of supreme excellent Pami was rated at 94 points out of a possible 100. A cow must be at least 10 years old to receive the top award from the Jersey Club.

The Kirchners, who live on the Irish Line near West Guilford, requested the Jersey Club to evaluate Pami.

When you're a florist, good form starts from the ground up. Ask Lynn.

She fills out the UI Record of Employment perfectly every time an employee parts company.

When you're in good company, stay in good form. Lynn is in charge of personnel and finance for a local florist. And she knows that one of her responsibilities is to fill out a UI Record of Employment form every time an employee has an interruption in earnings. She knows that if she doesn't get it right the first time, she may have to do it again. So Lynn took the time to get the booklet "How to Complete the Record of Employment" from her nearby Canada Employment Centre.

Leaving in good form. The Record of Employment is one way we can make sure no one gets short-changed and no one gets overpaid. This saves time and money for everyone involved. Lynn found out that the most common mistake is in reporting the "Insurable Earnings". Insurable earnings are not necessarily the same as payroll earnings. Because Lynn fills out the ROE accurately, ex-employees don't have to come back to her for changes. And neither do we.

It's just good business to be in good form. At Unemployment Insurance, we process about 4,000,000 Records of Employment every year. Last year, employer mistakes in filling out the form cost at least \$125,000,000 in overpayments. Plus the cost of recovering those overpayments and penalizing or prosecuting.

We're out to cut down that \$125,000,000. And we're going to do it, together.

Some Consolation

Ratepayers in Haliburton County can be forgiven a momentary shudder when they read details of the 1981 budget adopted by county council last Wednesday. But before anyone screams too loudly, they should take a careful look at the facts. For despite a 21 per cent rise in actual expenditures, the budget is a responsible one. Spending has been kept to a minimum in all areas where council's budget committee felt it could reasonably do so. In other areas over which council has little direct control, costs have risen sharply, and those increases are reflected both in the 1980 deficit and in projected 1981 expenditures.

Some increases in the new budget can be linked to county policies. Others are the inevitable result of an inflation rate now running at more than 12 per cent, and of bank interest charges that remain at or near record high levels.

Interest charges make up a substantial portion of the \$32,828 deficit incurred in 1980. To prepare for even further increases in interest charges, the new budget almost doubles the amount earmarked for interest payments under the general government category, to \$24,000 from \$12,500 last year. This money may not have to be spent, but including it in the new budget makes a deficit less likely in the current year.

County council has also agreed to a 15 per cent increase in roads spending. While this is greater than the inflation rate, taxpayers should bear in mind that many expenditures for county roads are subsidized at a rate of 90 per cent by the provincial government. The \$442,000 the county will spend for roads this year becomes \$2,033,000 by the time government subsidies are added. Much of that money stays in the local economy. And lest anyone argue that the money comes from the taxpayer one way or another, it should be understood that the province earmarks a certain amount for roads each year, and that the money will be spent whether any of it returns to the pockets of county residents or not.

Spending for Hyland Crest Home is also up in the new budget, partly because of rising costs for fuel, food and essential supplies, but also because the newly unionized nurses won a contract last year that brings their salaries close to provincial hospital rates. Once the move toward unionization came (the result, many councillors feel, of the penurious attitude to wage settlements taken by earlier Hyland Crest management committees) there was little the county could do but meet the demands, and those of non-union supervisors whose wages are linked closely to nursing salaries.

In the area of grants, the budget committee either cut back funds or did not increase them for all but two county organizations. The exceptions are the Chamber of Commerce, which had sought \$25,000 but which got \$16,500, a 10 per cent increase over its 1980 grant of \$15,000, and the home support services group, which saw its grant rise by \$100 to \$600.

Costs for the health unit and the public library system are also up in the new budget, and those costs are beyond county council's control.

No one likes to see taxes rise. Budget increases of 21 per cent, which far outstrip inflation, are even harder to accept.

But taxpayers can take some consolation in knowing that council did its best to balance fiscal restraint against the need to provide essential services.

The Whipping Boy

The Haliburton Highlands Chamber of Commerce, which in its own words has become something of a perennial 'whipping boy', found itself under fire again last Wednesday when county council passed its 1981 budget. Improvement District of Bicroft Chairman Merideth Amm took the Chamber to task for allegedly ignoring the area in its promotional brochures. Not only is the district not outlined on maps of the county distributed by the Chamber, Amm said, but the district's name and the telephone number of its clerk are not included in Chamber produced material. Amm claimed that since Bicroft pays its fair share of the county budget, and the county in turn helps to support the Chamber through a grant, he had a right to expect some recognition in Chamber publications.

It's tough to find fault with his argument. But part of the reason that the problem arises is that the Chamber is in fact trying to wear two hats. On the one hand it is a county based organization whose purpose is to help serve the needs of its members (Bicroft, apparently, is not a Chamber member, although some other county municipalities do pay membership fees), and on the other hand, it directs much of its effort at promoting the county as a whole. As a Chamber, its members should and do come first. As a tourist promotion body partially supported by taxpayers money, it should recognize the whole county without regard for political or geographical boundaries.

If the Chamber cannot effectively wear both hats, keeping its members and local politicians happy, it may be time to consider separating its two roles in a clearer way. Perhaps what the county needs is a tourism promotion body, supported largely by public funds from one source or another, and a Chamber which can direct its efforts at local businesses.

LETTERS to the EDITOR

To the Editor:

I take exception to some of your comments in your editorial, March 4, in regard to Hyland Crest Senior Citizens Home, Minden, Ontario.

(1) You state the home is entirely supported by public funds. This is not true. My wife has been a resident for many months. She has two government cheques helping to pay for her keep. I pay the balance to meet the complete cost of her expenses. No doubt there are quite a number of the residents who do the same thing.

(2) You mention that the bus sits idle on the parking lot most of the time. This is only partly true. There have been several attempts to take some of the residents out for a trip but they do not want to go in winter time. In the summer and fall it is out a lot. I, with my wife, have had several trips.

Certainly the home is costly to operate. What home isn't? Hyland Crest is a large building and every bit of it is for the well-being of its residents. I have visited many senior citizens' homes and some are very nice while others are not. There is not one that is better than Hyland Crest.

The nursing staff under the very able supervision of Mrs. Kennedy are to be commended. Likewise the activities director, office and maintenance staffs who do an excellent job. The loving care and understanding that these people have for the residents leaves little to be desired. Mr. Brown, the administrator whose job is not easy, should be commended for a job well done.

Haliburton County should be very proud of Hyland Crest Senior Citizens Home and if it takes a little more money to keep the residents, who are in the twilight of their years, as happy and contented as they are now, then in any sense of the word, that is money well spent.

Gull Lake,
Lutterworth Township

To the Editor:

My life has been so mixed up I decided to write an autobiography. In all my spare time I sat at the

typewriter and started. I have had a lot of different experiences that not many have had. It was something I had never done before so went to John Eakins to find out.

I was advised to go to the office of Culture and Recreation in Peterborough. I met the receptionist and tried to have an appointment with the lady in charge. She wouldn't let me in to talk to her. I didn't know what I should do. I didn't know government employees were so important or just lazy people. I was disappointed, disheartened and felt very low. I didn't know what I should do next.

Last deer season I guided for the Percy Lake hunt club. The evening before we left a fellow came over and talked to me. He asked me what I did when I wasn't fishing or guiding. I told him I had written an autobiography and would like to get it published. He asked why I didn't get a government grant so I told him what happened at Peterborough. He told me that was his job and guaranteed he would get a grant for me to get it published. Just then someone called him and I didn't see him again till next morning. I was helping to get the hounds and things loaded when I saw him drive away so I got his name from one of the hunters.

When I got home I wrote him, waited two weeks but no answer. I wrote him again and another two weeks, no answer. I phoned him but he wasn't in so I asked his wife to have him call me collect. He never ever did. Another of Davis' helpers.

I saw an ad by Vantage Press in New York looking for new authors. I sent my manuscript there which is one of the largest publishing houses in the world with over 5,000 distribution points around the world. It was accepted.

I haven't the finances to get it published. I have my house up for sale but that isn't working fast enough.

I volunteered my services in the last war away for over four years and couldn't get a grant but other people that have done nothing for their country have no trouble.

Haliburton, Ontario

As others see it

INDUSTRY BOOM

The fact that Cornwall is in the middle of what appears to be an industrial boom, indicates that Gananoque is still wise to take an aggressive stance when it comes to industrial growth here. We understand Cornwall has added over 25 industries and Brockville about 10 in the past couple of years. We hope that council bears this in mind now that

it is approaching or involved in its budget deliberations.

Part of the reason for the Cornwall expansion, unofficially at least, is the aggressiveness of its industrial commissioner and the fact that it apparently has served land available.

Gananoque council has announced its intention to investigate the servicing of industrial land and it has revamped its industrial committee, both steps

The 1981 Ontario Provincial Election is over and is now history but for the past week on radio, on television and in the newspapers we have heard and read about the political analysts who have been reviewing the results locally and around the province. The voters have had their say and their choice is still Bill Davis with his majority PC government to rule in Ontario for another four years or more. In Victoria-Haliburton the ever popular John Eakins won the riding for the Liberals and now goes back to Queen's Park for his third term as Liberal member from this area. Our congratulations to John and we are quite confident that he will continue to work hard for the people of this riding. The most depressing aspect of the past election as far as I was concerned was that voter apathy was all too prevalent during the election campaign itself and it really showed up on election day when the turnout not only in our own riding but in most ridings throughout Ontario was a way down. Before another election rolls around we hope that they show a little more interest in exercising their franchise than they did on March 19. I am firmly convinced that if people stay home in large numbers and refrain from voting that the day could come along when the vote could be taken away and then we would hear an uprising that would jolt us off our chairs. Men have laid down their lives in past wars so that you and I could have the right to vote for the candidates of our choice in a democracy that we all should cherish. We seem to have arrived at the point in history where the large majority of people couldn't care less whether they voted or not and to me this is a sad, sad day. How many people locally are willing to go out and work for the party of their choice? Ask any one of the three parties in this area and they will tell you very few. Everyone seems to want to sit back and let the next guy do all the work. I'm sick, sore and tired of some of the answers you receive when you ask certain people why they refused to vote on election day. You have likely heard some of these answers. Here are some of them. No one took the interest to pick me up. I didn't like any of the three candidates. What is the sense in voting, they are all a bunch of crooks or my vote won't change anything. In my opinion, these answers are nothing but excuses for not voting. I personally love democracy and our democratic system and I think you do too. When you think about it, it's a great deal better than a dictatorship. If we don't start to exercise our franchise in the future we could be heading that way.

For the past couple of years everyone that I have been talking with always seems to be concerned that there just doesn't seem to be enough good clean fun in the community anymore where the entire family can get out for a night of fun and activities. This is possibly true. Just recently the members of the Haliburton United Church held a family get-together night at the Haliburton Highlands Secondary School and they invited the members and their families from St. Anthony's Roman Catholic Church for a night of friendship, fun and entertainment. The evening was a great success and not only the adults enjoyed themselves but the children had a ball. The evening was taken up with round and square dancing, cards, games and many other features. During the evening the members of the United Church presented a purse with over \$400 in it to be used for St. Anthony's building fund. Other churches in the community also hold events for the entire family and we are certainly glad to see this happening. Another great concern to most of us in the community is the future of our teenagers. In other words, what is there here for them to do. The new Community Christian Concern Centre has been holding meetings to see what direction they should be taking to provide some good wholesome recreation for our young people. They hope to have something going in the very near future. Many people in the community have said that they are willing to help in any way if something is started that will interest the youth of the community and surrounding area.

You can certainly notice a big difference here in Haliburton County this week as we are now in the midst of the annual March break. There appears to be so many people away that some of the communities in our area seem to be half deserted. A great many parents and their children took advantage of this break in the action to take a vacation. On the other hand it's very encouraging to see so many visitors back for a holiday in the Highlands. Many people are in the sunny south, but this year we were quite surprised to learn that a large number of local people are spending the winter break at the Haliburton Forest and Wildlife Reserve Ltd., and we understand there is still good snowmobiling there. Others took the opportunity of seeing the bright lights in Toronto.

We have just been informed that there is free skating at the arena in Haliburton this coming Sunday afternoon, March 29 at 1:00 p.m. Why not bring along the entire family for some good clean fun and recreation.

The Rotary Clubs of Haliburton, Minden and Fenelon Falls will be meeting at the Minden Community Centre for a tri-club meeting on Monday evening, March 30, at 7:00 p.m.

The month of March is drawing to a close. We are told that this is one of the most depressing months of the year and in other words, March is always a gloomy month. Come this time of the year, people seem to be tired of the cold and the snow, but when you think back, March did provide us with a few warm days and sunny skies. We can now look forward to those April showers that should soon be coming our way.

Bernie Nicholls, of West Guilford, has signed a contract to play hockey for the Los Angeles Kings of the National Hockey League at a reported salary of \$105,000.00 with a \$40,000 signing bonus. Bernie, son of Mr. and Mrs. George Nicholls, presently plays hockey with the Kingston Canadians, a Junior "A" team. He is to report to the Kings' training camp this fall.

Pic of the Past

Our thanks go out this week to Mrs. J. B. Sedgwick of R.R. 1, Minden, Ontario for giving us permission to publish the photo of the grade 4 students who attended the Gelert Public School in the 1937-38 school year. From the left Eileen Adams, Marion Sedgwick, Alice Peacock, Edith Newell. Miss Margaret Hannah was the teacher.

Board of Education may gain one seat in 1982

The Haliburton County Board of Education may have 15 seats up for grabs in the 1982 municipal elections, rather than the present 14.

The increase could come if separate school electors in the Cardiff area press for a representative on the board. Council had feared that the move would force a readjustment of representation, denying one of the county's municipalities a seat on the board. But according to John W. Storey, regional director of education for central Ontario, the number of seats on the board could be increased by one to accommodate a separate school representative.

In a letter read at a meeting of county council last week, Storey cited Section 57(2) of The Education Act which outlines the number of members on a divisional board of education.

Galway residents upset with taxes

Some residents in Galway Township are upset about recent tax hikes created by the assessment changes under section 86 of the assessment act.

At a meeting last Saturday over 30 ratepayers attended a discussion period regarding the assessment, ratepayers' association president Vince Allen said Tuesday.

"The problem is the equalized assessment," Allen said.

Although 181 people appealed their taxes in Galway/Cavendish municipality, Allen said some people who missed the appeal date are not happy with their new tax bills.

The ratepayers at the meeting decided it would be informative to have the reeve of the municipality explain the new assessment. A meeting has been scheduled for April 4 at 3:30 p.m. at the Galway Hall, Allen said.

"I think the people understand it well" but the reeve should be given a chance to speak on the matter, Allen said.

If the ratepayers are not satisfied with the reeve's explanation for the tax hikes, Allen said a delegation will appear at council and then at Queen's Park if necessary. "A lot of people don't

Where the population is less than 50,000, the board is to have 14 seats.

"Subsection (4) states the number of members to be elected by public school electors," Storey noted. "In Haliburton County the number

would be 13 and a fraction (which if greater than a half would be raised to one) making it 14."

Subsection (5) states the number of members to be elected by separate school supporters.

"In Haliburton County the number would be a fraction so one member would be elected," Storey said in the letter.

"In doing the calculations in subsections (4) and (5), it is possible that the number of

members on a divisional board in your jurisdiction would be 15," he concluded.

The extra seat could be added by a resolution of county council before the November, 1982 municipal election.

As others see it

from page 4
in the right direction, we feel.

At the same time, council must consider that it is perhaps time to look at some kind of financial commitment to the servicing of industrial land so that industry has some place to go when it

Lucinda St. Pierre hired

her visit at Christmas proved to be very profitable. Although she had thoughts of moving from the city at some time, St. Pierre was not in the market for a job until she heard about the new position at the gallery, she said.

When she applied for the curator's job, St. Pierre said it seemed just like an opportunity she had been waiting for.

"It all seemed to fit together," she said. Although the selection committee interviewed many highly qualified applicants, St. Pierre seemed to fit the bill the best, Carol Finn, a committee member said Monday.

Until she starts her job at the beginning of July, St. Pierre will probably be spending all her spare moments directing her creative talents towards the operation of the gallery.

"I wouldn't have taken the job if I didn't think it (the gallery) could go," St. Pierre said.

Pensioners to apply for income increase

Health and Welfare Canada officials in Toronto are urging recipients of the federal government Guaranteed Income Supplement payments to reapply for the supplement before the March 31 deadline or face the prospect of having payments discontinued.

According to W. A. Wright, Regional Director for Income Security Programs, recipients who do not apply by the deadline time will be faced with payment interruption.

The Guaranteed Income Supplement program requires annual reapplication by recipients because of the possible change in income. Ontario presently has 406,230 GIS recipients. Recipients whose income has dropped will receive larger payments while recipients whose in-

come has increased will receive a reduced rate.

According to Wright, there are some 80,000 applications still outstanding. "If everybody acts immediately, there's still time to get the reapplication in and processed so that payment will not be interrupted," he said.

expresses interest in this town.

In the past, excuses for lack of industrial growth or expansion surrounded the fact that economic times were hard and it was a gamble to work to provide the land and then not be sure whether the industry was available.

With budget deliberations either underway or almost underway, Gananogue town council should give some consideration to beginning an industrial fund so that they have a head start on the costs of attracting industry here.

Council has shown its interest in broadening the tax base in Gananogue and in attracting other forms of business here, but it is time to put at least a modest sum of money where its mouth is.

The industry is definitely out there. Now, we have to move to go out and get it.

from the Gananogue Reporter

Stanhope township meets

from page 3
cancellation of 1980 taxes on \$315 Residential Assessment for three (3) months on Roll #1 - 228 - 00. This authorization granted as a result of a building on this property being razed by fire during 1980. It is understood the total tax to be cancelled is \$45.26.

Moved by Elvin Johnson, seconded by Elgin Stouffer, that council hereby approve of severance application number H 331-80 conditional upon the passing of an amending by-law that will change the zone from RU to RR and approvals being obtained from both the County Roads Department and the Health Unit.

Moved to Harry Davis, seconded by Elvin Johnson, that general accounts totaling \$13,516.23 February welfare totalling \$4,357.97 and road voucher #2 in the amount of \$22,148.71 be allowed for payment.

By-laws 81-4 to authorize the execution of documents and 81-5 to provide for the setting of wages and salaries of municipal employees for 1981, were received and read a first time.

By-laws 81-4 and 81-5 were read a second time and referred to a committee of the whole council with Elvin Johnson appointed chairman. Carried without amendment.

By-law 81-4 and 81-5 as reported by the committee of the whole were read a third time, passed, signed and sealed.

The next meeting of council will be held Wednesday, April 8, 1981 at 8:30 a.m.

Bill Smiley

Marking examination papers brings out the best and the worst in a teacher. Any tomfool can set an examination. Any other idiot can write the thing. But marking the finished, or more often unfinished product is something else.

In some ways, marking exams is the absolute anus of the sometimes creative body of teaching. It is to the teacher what an over-flowed toilet is to the plumber.

Normally, a plumber's life is a fairly happy one. Whanging away at pipes. Cursing gaily as he tries to unscrew a rusted nut. Dropping a dirty great wrench on the customer's new tile floor. And writing out a whacking great bill at \$14 an hour, plus parts which must be made of 24-carat gold. On the whole, a satisfactory, fulfilling life. A plumber is usually a smiling, affable chap, much like the highwaymen of olden times, who grinned gallantly as they stripped the passengers of the stage of their valuables.

It's the same with teachers. You seldom see a teacher who is not smiling, except between the first of September and the end of June.

They too have their little joys in everyday life: bullying kids; cursing the principal under their breaths; gossiping venomously about colleagues who are having more fun than they; happily whining about being underpaid and over-worked; thanking God that it's Friday. A challenging life of dedication and idealism.

But both parties have one crow in their ointment, or fly in their throat, or whatever you call it.

When a plumber walks in, rubber-boots, and faces a floor covered with water, sanitary napkins, toilet tissue, and semi-dissolved feces, his normally serene mien becomes one of stony stoicism.

And when a teacher finishes a term at school, utterly exhausted, empty of ideals, drained of dedication, and faces the marking of about 180 exam papers, his normally congenial expression turns into something resembling the agony expressed in a cheap reproduction of the Crucifixion.

Nobody looks quite as crucified, staggering home with both arms full of exam papers, as the English teacher. His/her thoughts about Phys. Ed. teachers, shop teachers, business teachers and others who don't have formal exams are unprintable in a family journal. Their attitudes toward science teachers and geography teachers, with their true-false

exams, are barely less charitable.

These ruminations, none of them original, recurred to me as I sat serenely during this year's March break, pursuing the current crop of regurgitations, wild guesses, and hopeful meanderings that constitute the average student's exam.

This year, I sat in something resembling a white man's igloo, and marked my papers in Moosonee. Unperturbed by my grandboys' fighting, crying, challenging me to a game of chess or dominoes, walking across my exam papers with dirty rubber boots, I sat like Solomon, alternately bemused, amused, bewildered, and occasionally bewitched, by the outpourings of adolescence.

Some were simply stunned. Others were desperate, seeking out port in a storm. Some had a clue, but couldn't solve the case. And very occasionally, there was sheer delight in seeing a keen, original mind at work.

I mentioned the chore as bringing out the best and the worse in the harassed pedagogue, peering, pencilling, pouting over the papers.

One becomes a philosopher: "Oh, well, what the hell? We can't all be brain surgeons," after reading the efforts of one who has professed the desire for such a profession, and spells it "brain surjen."

One becomes a philanthropist: "He's flunking badly. But he did clean the blackboards and plug in the record players and said 'Have a nice holiday, sir', and he's going into the old man's business, because there's nowhere else to go, so I'll give him 10 marks for cooperation and attitude. That'll please the Guidance Department."

One is amused. She wrote on the outside of the paper: "I did my best, Mr. Smiley. I hope your in a good mood when you mark this." I took off a mark because she misspelled "you're".

One is appalled. Question:

"Use a sentence containing the word morale." Answer: "A hero thinks he is greater than ordinary morales." Things like this make the young teacher panic and ask self, "What's happening? I'm not getting through to these kids at all." Not to worry. The kid will probably be a good mother.

Occasionally, one is enchanted. One of those students who is a wall-flower in class, obviously shy, hiding behind drooping eyelids, flowers on paper, all inhibitions forgotten in the sheer joy of expression, and turns in a brilliant piece of creative thinking. And the teacher is momentarily elated, realizing he has kindled a flame.

All in all, an enriching experience, giving the marker a good look at a good cross-section of youngsters, a few good laughs, some self-doubts, a certain humility, a delightful feeling of playing God, Jr., and the odd flash of sheer satisfaction, if not joy.

Basic pensions to increase

Increases in the Old Age Security pension, Guaranteed Income Supplement and Spouse's Allowance, which are to take effect in April 1981, were announced today by the Minister of National Health and Welfare, Monique Bégin.

The basic Old Age Security pension will be increased to \$208.20 monthly from the present \$202.14.

The maximum Guaranteed Income Supplement for an individual or a married person whose spouse is receiving neither a pension nor a Spouse's Allowance, will increase to \$209.03 from its current \$202.94. Added to the basic pension, this will give a person receiving both the OAS and the maximum GIS a monthly total of \$417.23.

The maximum Guaranteed Income Supplement for a married couple, both of whom are pensioners, will increase to \$161.16 each from \$156.47. Added to the basic pension this will give each married pensioner receiving the maximum GIS a total of \$369.36, or \$738.72 for the couple.

The Guaranteed Income Supplement is paid to pensioners whose income, apart from the Old Age Security pension, is limited. The amount of the supplement varies in relation to income.

The maximum Spouse's Allowance will increase to \$369.36 from \$358.61. The maximum Spouse's Allow-

ance is made up of an amount equivalent to the basic Old Age Security pension and the maximum GIS at the married rate and it is paid to persons between 60 and 65 years of age who are married to OAS pensioners and meet residence requirements. Entitlement to a Spouse's Allowance, and the amount paid, is based on yearly income.

Where the pensioner spouse dies, the surviving spouse may be eligible for the continuation of the allowance to age 65 or until remarriage if the person has no income or a limited amount of income.

Increases in Old Age Security pension and Guaranteed Income Supplement payments are calculated quarterly based on the cost of living.

Glen Dart Tournament held

Home teams win four games

Haliburton tri-county teams won four of the five matches with the other win going to Minden at the annual Glen Dart Tournament on Saturday at Dysart et al arena.

The tournament, which hosts teams from different towns in each division was an all-day event.

The action began early in the day as the Haliburton Tykes faced off against Lakefield.

Russell Morrison was the first Haliburton player to find the net at 6:07 in the first period.

As the home team headed into the second frame with a 1-0 lead, Morrison scored again with the assistance of Jeff Black at 11:30.

The Haliburton boys had their strategy working for them as they pocketed another goal, this time the shot came from Jason Casey assisted by Chad Bain.

Lakefield managed to only get one goal past Haliburton's net minder Derek Wilson.

The Haliburton boys won 3-1.

Morrison was named Haliburton's star player.

Minden Novice picked up the win in the next match against Haliburton's team.

The visitors put the first

goal on the scoreboard with the point coming from Lorne Greer at 4:14.

Haliburton's boys weren't to be put down easily with

Brian Walker scoring unassisted at 2:49.

Haliburton took the lead in the second period at 6:34 with Shawn Perrin scoring on a

OMHA Pee Wees tie playoff series

Haliburton pee wees have faced tough competition in their first two All Ontario semi-final games against Ennismore. The teams are now tied with one game each in the best of five series.

In the first game of the match, last Tuesday in Ennismore, Haliburton took the victory 3-2.

Haliburton's Darryl Tunall was the team's outstanding scorer with a hat-trick in the opening game of the match. Tunall started his scoring spree early in the first period when he scored off the stick of Ian Cooper only 12 seconds into the game.

Ennismore kept a close tab on their visitors and finally got a good shot into the mesh at 4:11.

Tunall once again got the jump on Ennismore at 13:21 in the second period with the assist going to Cooper and Tran LaRue.

Haliburton lost its grip on the lead with two untimely penalties for body contact and unsportsmanlike conduct. Although Ennismore had a two-man edge on Haliburton it didn't score until after one man was out of the penalty box for seven seconds.

Tunall pocketed another goal for the Haliburton boys with the shot coming from Cooper and LaRue again at 12:45.

With three penalties in the rest of the period, Haliburton had to play hard to keep the

Ennismore puck out of the net.

In the return match at Haliburton Saturday night, penalties cost the home team the game.

Ennismore managed to outplay Haliburton to put the first mark on the scoreboard at 5:34 in the first period.

Haliburton bounced back with a tying goal at 2:57. Mike Blake put the marker in the mesh with the help of Peter Goulet.

In the second period the tide seemed to be turning in favour of the Haliburton boys with Blake scoring unassisted at 11:58. As the second period wore on, a hooking penalty for Haliburton gave Ennismore a break, scoring with only 49 seconds left.

In third period both teams were a man short but Haliburton got the advantage and scored from Tunall with the help of Blake.

Ennismore once again tied the score at 10:33.

David McKay came through for Haliburton to take the lead back with 8:19 remaining in the last period.

With four minutes left, Ennismore capitalized on Haliburton's hooking penalty to tie the score. And another costly penalty, this time for interference, gave Ennismore the victory with 21 seconds remaining in the game.

The visitors won the match 5-4.

The best of five series is continuing.

Tykes down Warsaw, win consolation round

by Tim Casey

Haliburton Tykes, hot from their win in the Glen Dart Tournament Saturday, journeyed to Lakefield Sunday and brought home the hardware for the consolation side of the second annual Lakefield Tyke Tournament.

Meeting a strong team from Norwood, which went on to win the tournament championship, the Haliburton boys played an excellent defensive game losing in the first round 4-2. Haliburton got on the board first with a goal from Jason Casey unassisted at 1:44 of the first frame. Norwood retaliated with three goals in the second period and one goal at the start of the third. Haliburton mounted a comeback attack with a goal by Jason Yakelash assisted by Casey with 50 seconds left but the buzzer cut them short with the final tally being Norwood 4, Haliburton 2.

In the second round, Hal-

iburton tackled Lakefield No. 2 team. Haliburton got on the board first again in the first frame with two goals by Casey, unassisted. Fine defensive play by Collin Sisson and E.J. Debenham kept Lakefield scoreless.

In the second frame, Haliburton found the mark again on a beautiful goal by centre, Russell Morrison.

Outstanding net minding by Derek Wilson, in his second game between the pipes, kept Lakefield scoreless. Wilson was robbed of the shut-out by a Lakefield goal late in the third.

Final score, Haliburton 3, Lakefield 1. The win advanced the Haliburton squad to the championship round against a strong Warsaw contingent. The Warsaw crew came out strong, but fine work on the face-off circle by centres Gregory Stamp, Morrison and Danny Allen kept the Warsaw team under control.

Senior curlers plan for 81-82

-Submitted-

Due to the construction problems at the new Minden Curling Club, the Minden Senior curlers were 'seasonal' guests at the Haliburton Curling Club. This fine gesture was made possible by their executive and the Seniors were guests of Tom Stinson permitting the Minden Senior curlers to enjoy a full season schedule. Prior to this season the Minden Seniors always enjoyed entertaining several senior members from the Haliburton club and now this picture is exactly in reverse. With host Tom Stinson of the Haliburton Club, assisted by Ed Pettinger of the Minden Seniors, these combined clubs had the full participation of more than

50 senior curlers in their 1980-81 schedule.

The first schedule terminated on December 18, 1980 and the winning rink was skipped by Tom Hurta, vice Art Hunt, second Fred Martin and lead Rowland Sedgwick. The second schedule ended February 19, 1981 and was won by skip Lorne Coburn, vice Harold Morgan, second Bill Donnelly and lead Al Stott. Runner-up rink in the first schedule was skip Herb Gill, vice Art Hodgkinson, second John Beachli and lead Cec Riches. Second schedule runner-up was skip, Ed Pettinger, vice George Davidson, Pat Clarke and lead Bill O'Neill.

The Round Robin play-offs started February 26 with rinks divided into A and B

groups so that all rinks could participate in this enjoyable winter sport. At the end of the play-offs, trophies were presented to the following winners of their respective groups; Scribner Trophy, Lorne Coburn, skip, Harold Morgan, Bill Donnelly, Al Stott; runners-up, Sandy Stewart, skip, Aubrey Maxwell, Garry Durant, Jim Gannon; Min.-Hal. Trophy, Les Walling, skip, Gloria Nimigon, Nick Nimigon, Gladys Read; runners-up, Hal Bur-

The Lumberjacks skated well

Skaters perform

Centennial show a hit

Figure skaters from the Monmouth Figure Skating Club presented an excellent "Centennial on Ice" show at the Monmouth arena last Friday night.

The skater displayed fine talents from the cute beginners to the talented seniors. The younger skaters presented entertaining routines

covering many years of history including, "The good old days, Lumberjacks and the Charleston. Senior skaters treated the capacity crowd to skillful routines.

Along with the local skaters, a precision team from Bancroft also delighted the crowd.

Tykes play tourney

from page 6

Excellent teamwork by wingers Brett Jackson, Mike Rosenberg, Jeff Black and Chad Bain, combined with outstanding play in front of the net by winger Greg Brohman, dazzled the crowd.

Casey found the mesh four times unassisted, in the first two frames.

Warsaw rallied late in the third with a goal, which was answered by a goal from

Haliburton's Casey with the assist going to Chad Bain. Excellent net minding again by Derek Wilson stopped the Warsaw drive on five break-aways. When the smoke cleared the final count stood,

Haliburton 5, Warsaw 1. Each and every member of the powerful Haliburton squad deserves a big pat on the back for an excellent day of hockey. Congratulations boys!

Midgets downed by Havelock

Quarter final series ends, Haliburton defeated 3 - 1

The Haliburton Midgets lost in their bid at the quarter-final series against Havelock after dropping three games and only winning one in the best of five series.

Haliburton picked up its first win of the series in a do-or-die situation with Havelock having two wins under its belt already.

In the first period the Haliburton boys were skating hard as they outlasted their Havelock counterparts through three power plays.

Neither team was able to make the scoring grade in the first period.

As the first 14 seconds of the second period ticked off the clock, Dave Nicholls pummeled a shot past the Havelock netminder to give Haliburton the edge. Scott Mitchell and Dean Curry assisted on the play.

Both teams were short-handed with men serving time in the penalty box for roughing, but Haliburton took the advantage and slipped in an unassisted shot by Scott Rae at 12:28.

Havelock took another blow as Haliburton marked up another power play score. This time the shot came from Mitchell assisted by Curry and Nicholls.

It looked like an easy victory for the Haliburton boys as they lead 3 - 0 heading into the third period but the Havelock cloud soon darkened the picture.

At 13:23 Havelock scored on a power play to put the first point on their side of the scoreboard. At 9:41 they lessened Haliburton's lead once again and then took a

final blow at the home team at 4:43 as another untimely penalty gave Haliburton a disadvantage.

With the arena crowded with spectators from both teams the action was tense in the final minutes of play until Haliburton broke loose on a power play and slammed the winning goal into Havelock's net with only 16 seconds to spare.

Scott Mitchell got top honours for scoring the goal with

the assistance of Nicholls and Duff Mitchell.

Unfortunately it was the only win Haliburton was allowed in the series.

The Haliburton boys had a tough row to hoe in the fourth game of the match as Havelock took full advantage of their hometown ice by devastating the visitors 12 - 3.

In the final game of the series Haliburton's penalties took the greatest toll as

Havelock scored seven power play goals.

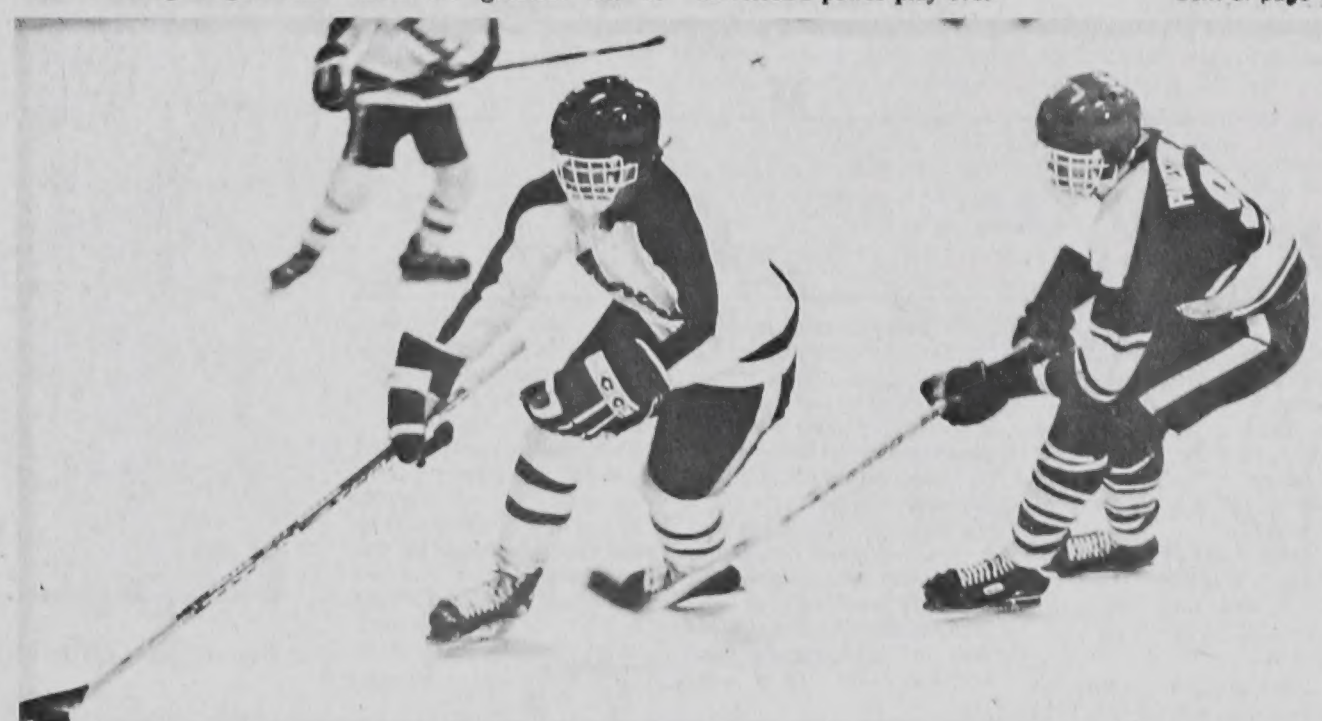

Haliburton got off the mark first with the initial score coming from Kelly Mitchell with Nicholls and Duff Mitchell assisting at 13:58 in the first period. Havelock's first penalty of the game gave the Haliburton team the edge it needed.

Havelock bounced back with three goals to round out the first period. At 10:10 Havelock's power play over-

took Haliburton to score. At 4:45 the home team took the lead and at 2:18 another power play proved profitable for Havelock.

In the second period with the home town crowd behind them, the Havelock boys scored at 14:07. At 12:04 they pocketed another marker and widened their lead to four points. The home town team got another point on the scoresheet at 11:33.

Senior curlers end season

from page 6

Host Tom Stinson arranged a Senior Banquet on March 19, 1981 and a spaghetti dinner, dessert, coffee was prepared and served by Vittoria Formica. (An added comment, a good time was had by all, need we say more.)

During the banquet two special awards were presented to seniors who had contributed greatly in the season and past seasons. Art Hodgkinson was presented with a super-senior award for his 10 years of active curling since the senior group was formed and Sandy Stewart, 84, received a super-senior award for being the oldest curler during the season.

During the 1980-1981 season, these combined clubs were entertained at a bonspiel by the Peterborough Curling Club and we in turn

hosted rinks from Peterborough, Fenelon Falls and Bobcaygeon at the Haliburton Curling Club. It was a fine display of good sportsmanship. Our thanks to all who participated and assisted and a special thanks to the ladies, namely, Doris Grant and Peggy Bassett who generously served morning coffee and a fine luncheon to our guests.

We appreciated the efforts and the cooperation of these two clubs in that attendance was at a constant peak. Unfortunately, we have to report some absentees who were unable to curl the full schedules due to illness, namely, Rowland Sedgwick, Frank Ferris, Mike O'Neill, Harry Cowen and Ivan Clark, also a number of 'Snowbirds' went south, but we know we can count on them for future attendance.

These combined clubs are now making plans for their

Artists on hand for opening

Guild shows painting on silk

The Rails' End Gallery hosted a very fitting Gala opening for its very professional showing of silk painting.

After a two-week closure the gallery opened its doors at 3 p.m. to allow the public a chance to view and purchase beautiful silk painted cloth-

ing and decorative pieces.

Those attending the opening not only got a chance to view the painstaking work but also got a chance to meet some of the artists who participated in the showing.

Along with the silk designs locally handcrafted jewellery is also decorating the display cases at the gallery until the

end of the show on April 11.

Those attending the opening had a chance to taste delicious treats and refreshments prepared by guild members.

As well as the silk painting show the guild is planning workshops and demonstrations during the next two weeks.

Silk painting is excellent

Senior League

by Linda English

Monday morning, there was a good turnout of kickers to the fun and fitness program. We exercised our bodies in time to music and enjoyed a game of Caveman Bowling. We ended the session with a lively game of kick the ball.

Later in the afternoon, the ladies now called "The Busy Bees" made their way to the craft room to work on their projects.

Rev. Douglas Miller of Minden United Church held an inspiring service in the Chapel on Tuesday morning. Our thanks to Barbara Trociewicz and Agnes Taylor for their music.

Tuesday was St. Patrick's Day and much to the surprise of everyone, two lively leprechauns made an appearance in the dining room at lunchtime. They stepped-danced and kissed all the residents wishing them "Top of the Mornin'".

Later on the bingo lovers gathered in the main lounge to try their luck.

As always it was a pleasure to welcome Mr. Fred Ballard to play some favourite tunes on the organ for music night.

Wednesday evening the games assistants from our own auxiliary were here for games night. Everyone enjoyed their games of euchre, cribbage, crockinole and poker. By the way, if anyone finds a lucky rabbit's foot, it belongs to Herbert Shorter.

Wednesday afternoon The Communicators met for a very interesting discussion. This is a new activity which was started by two of our trusty volunteers, namely Betty Lonsdale and Winnifred Wilson. It has been quite successful and is becoming an event to look forward to every week.

Thursday morning was the beginning of the Senior Art Club. A good number of men and women met in the craft room to try their hand at drawing. Our art instructor is our own very talented Mr. Brown. All those who came to the class did a great job and are excited about continuing to discover their talents.

The ladies of Maple Lake United Church brought a delicious assortment of squares, cakes, tea breads,

crackers and cheese for our tea party on Thursday afternoon. The food was scrumptious and it was nice to visit with these friendly people.

The residents and staff of Hyland Crest gave a hearty welcome back to our friends, Ray and Marie Jenkins. They have been in Florida for the past three months and we have certainly missed them. The residents put Ray to work playing the piano for them

Home Support News

by Catherine Denholm

The General meeting of the Haliburton County Home Support Services was held on March 20th in the new non-denominational Christian Community Centre in Haliburton Village.

It has been brought to the attention of the board that there were some groups of seniors who did not receive the questionnaire sent out in 1980. It would be appreciated if anyone did not receive one that they call the office and a copy will be mailed. There will be a full report on the findings of this survey later in the year.

It is hoped that through "Experience 81" a student will be available to work in the Support Services office to compile a complete file of information which would then be made available to volunteers who will be able, in turn, to answer the requests for help.

The Meals on Wheels service is continuing throughout the county in many places. This service can be a permanent arrangement or it can be used for short periods when a

person is ill, has had an accident or a senior who is in need of company. Just call the office 457-2941 to start or to stop the delivery of the dinners.

The usual good times were enjoyed in February and March at Locarno and Sunny Rock Lodges. There were 44 seniors at Sunny Rock last week and 34 at Locarno, 8 of which were from Extendicare Nursing Home.

"Health Fair" - On April 6 a particularly interesting day at PineStone Inn for all seniors. In the morning there will be a talk on Dental Hygiene - the kind of dental

attention which is available and the kind of difficulties which seniors have and how to overcome the problems. Then an up-to-date talk and discussion on nutrition, again with seniors in mind. Lunch will be served then a social time enjoyed in the afternoon. Tickets are \$3.00 for the day, lunch included and are available from Support Service Volunteers - a call to the office will arrange a ride to PineStone.

The next regular meeting will be on April 24th at the home of the chairman, Doris McCann, Kennis Lake.

Extendicare News

by Dr. W.O. Anderson

Charlie Stormer was on hand coaching the extendicare eager beavers in making magazine racks Monday afternoon - John Sisson, Lila Simmons, Norman Titus and Allan Macklin. All the pieces that go into Charlie's must meet pretty stiff standards, sanding, shaping and fitting because the finished article will be given various coats of furniture finish. They are quite popular and have good demand.

St. Patrick's Tuesday morning found us all in an Irish temper, if you know what that is. June Devolin arrived accompanied by the Rev. Roger Sauve of Gooderham Pentecostal Church who was pianist for some singing as a prelude to the Bible study. June continued with the theme of the Holy Land at the time of that fateful Easter leading to the crucifixion. The study dealt with the 'Last Supper' which is symbolically re-enacted at each Christian communion. Jesus told his disciples that it was his last meal on earth in a room es-

pecially selected by the Holy Spirits.

After the close of the bible study, Reverend Sauve played for our singing from our new senior citizens' hymn books, then he sang solo accompanying himself on the guitar, doing his very best in his fervour to evangelize. It goes to show how concerned the clergy of the Haliburton area are for our spiritual welfare.

Bingo in the afternoon kept us all busy for an hour and a half keeping our cards in order covering each number called with a chip. Ray Smith and Allan Macklin alternated in calling. Bernice Ross, Betty Wise and Helen Archer were the very welcome volunteer helpers. Some players tackle as many as twenty cards and win no oftener than the six card players. Very few players can efficiently play more than six cards. For a time there was a dearth of chips but more were found quickly unaware that a shortage of chips had occurred.

One of the most amazing

substances we have about us and use much of is water having a chemical formula H₂O, - two atoms of hydrogen and one atom of oxygen. They come together with a bang as in the internal combustion motor and takes much energy to cleave as by hydrolysis or in the leaves of plants, the sun acting on the chlorophyll and another source of atmospheric oxygen. Water is the universal solvent and it is quite certain that no substance exists that can completely resist that solvent action. It is the medium in which all chemical reaction occurs organic or not as say in the leaves again, in our body tissues even in the ground where the roots are, and in all of these reactions if water is removed (dehydrated), all reaction stops. It is possible that many bacteria can resist that.

With a specific gravity of 1, it is heavier than other liquids except the metals in their liquid form or water solutions. No other substance expands when it be-

comes a solid giving up much heat when it does. This feature of expansion acting over the millions and millions of years has fractured rock, pulverized the earth's surface to give us our gardens. It has the highest specific heat in that a quart of water will hold more heat than any other substance. Can you imagine anything any more historic or plentiful that we owe to that great almighty supreme architect of the universe, our heavenly maker, that water has such quality that it is the amazing coolant that air and water bound continually it carries the intense heat of the tropics polarward, without which the tropics would be insufferably hot and the polar and temperate regions ice-bound. As for example, the Haliburton region on the 45th parallel, would be on the edge of permafrost with winter temperatures in the -100C degree range, the tropics would be deserts.

Thursday, a polling booth was established in the activity

NOW!

YOUR CANADA SAVINGS BONDS ARE WORTH MORE.

EFFECTIVE APRIL 1, 1981 THE RATE OF RETURN ON ALL CANADA SAVINGS BONDS HAS BEEN INCREASED TO 13 3/4% PER ANNUM FOR THE 7 MONTH PERIOD ENDING OCTOBER 31, 1981.

This increases the annual return on all unmatured Canada Savings Bonds for the year which began November 1, 1980 to 12.81% - interest at the rate of 11 1/2% for the first 5 months and 13 3/4% for the remaining 7 months.

The rate of return for each subsequent year until the Bonds mature continues to be 10 1/2%. This rate will be reviewed at the time the terms of the new 1981/82 Series are announced this Fall.

CANADA SAVINGS BONDS RATE INCREASE EFFECTIVE APRIL 1, 1981

(Cut out and attach to your Bonds.)

SERIES DATED BEFORE 1977

Series dated before 1977 have a cash bonus payable at maturity. Holders of these Series will receive the higher rate of return through an increase in the value of this bonus payment. The new bonus amount per \$100 Bond of each Series is as follows:

Series	Maturity Date	Cash Bonus at Maturity
1968/69	Nov. 1, 1982	\$16.26
1970/71	Nov. 1, 1981	\$ 9.31
1972/73	Nov. 1, 1984	\$22.76
1973/74	Nov. 1, 1985	\$27.91
1974/75	Nov. 1, 1983	\$ 8.52
1975/76	Nov. 1, 1984	\$11.78
1976/77	Nov. 1, 1985	\$16.07

Bondholders who redeem these Bonds prior to maturity will not be entitled to the cash bonus but only to the original return payable, as printed on the Bond certificates. Bondholders may however continue to cash interest coupons each year and be entitled to the cash bonus.

Rate increase effective April 1, 1981.

SERIES DATED 1977 TO 1980 INCLUSIVE

For these Series the annual rates of 12.81% for the year beginning November 1, 1980 and 10 1/2% for each year thereafter to maturity will apply instead of the rates printed on the Bond certificates.

Each \$1,000 Regular Interest Bond will pay \$128.13 interest on November 1, 1981 and \$105.00 each November 1 thereafter to maturity.

In addition to regular annual interest at the rates stated above, Compound Interest Bonds will earn compound interest at the rate of 10.99% for the 1977/78 and 1979/80 Series, 11.06% for the 1978/79 Series and 10.94% for the 1980/81 Series - these rates are the new average annual yields from November 1, 1980 to maturity of each Series. The new value at maturity of each \$100 Compound Interest Bond is as follows:

Series	Maturity Date	Value at Maturity
1977/78	Nov. 1, 1986	\$242.11
1978/79	Nov. 1, 1985	\$207.03
1979/80	Nov. 1, 1986	\$209.38
1980/81	Nov. 1, 1987	\$206.85

NOTE: The 1980/81 Series of Canada Savings Bonds remains on sale until further notice. The Bonds may be purchased at face value plus accrued interest charged from November 1, 1980 to the end of the month of purchase. Accrued interest charges will be at the rate of 11 1/2% for the months of November, 1980 to March, 1981 inclusive and 13 3/4% for each subsequent month.

DO YOU CARE OR KNOW

THE ALARM IS RINGING

WAKE — UP

Fact 1Over 1/2 million Canadian lives "killed" with no rights (Stats. Canada) **WHY!****Fact 2**Infanticide (newborn babies left to die) practised while we "sleep on" apathetic as ever **WHY!****Fact 3**

Experiments with "mentally defective" humans - only shelved because of public outburst and protest - may not be long for dust to be blown off.

Fact 4

The World Medical Association - "I solemnly pledge myself to consecrate my life to the **SERVICE of HUMANITY**... I will practise my profession with conscience and dignity; the **health** of my patient will be my first consideration... I will maintain by all means in my power the honour and noble traditions of the medical profession... I will not permit considerations of religion, nationality, race, party politics, or social standing to intervene between my **DUTY and MY PATIENT**: I will maintain the utmost respect for human life from **THE TIME OF CONCEPTION**; even under **threat**, I will not use my medical knowledge **CONTRARY TO THE LAWS OF HUMANITY**. I make these promises solemnly, freely and upon my honour.

Geneva Declaration
World Medical Association - Sept. 1948

So what gives certain members of our nations' medical profession the **LEGAL** right to kill?**Fact 5**

Local people, in high places - hostile to known fact re the abortion issue.

Fact 6

Homosexuals cannot be refused employment - It will be considered "discrimination". Already many "Gay teachers" are employed in Toronto.

Fact 7

In our public and high schools - Evolution and its' cousins Humanism and Materialism presented as the "only way" as if they were already proved. Biblical and Christian ethics already treated as irrelevant.

Fact 8

Planned parenthood and its influence in all our sex-education programmes - The International Planned Parenthood Federation (Government subsidized) advises how to:

1. Encourage Homosexuality *(It appears they have been successful).
2. Introduce a child tax *(Helps governments to control populations).
3. Promote compulsory abortion of out-of-wedlock pregnancies *(32,000 teenage abortions in 1978. Dr. Carol A. Cawell, M.D., division chief, pediatric and adolescent gynecology, Hospital for Sick Children, Toronto. Quoted out of Medical Post June 5th, 1979)
4. Get payments to arrange abortions.
5. Limit or eliminate financial/medical aid to families with more than the "allowed" number of children.
6. Promote compulsory sterilization of all who have reached the allowed number of children. (Family Planning Perspectives Vol. 2, 4 Oct. 1970. Vol. 2,3 June 1970.

* Our Comments

Fact 9

Toronto General Hospital has more than twice as many Abortions as Live Births [HOSPITAL - DEATH + MURDER?]

Fact 10

Method of Abortion - Quote - "We live in a country where the abortion law permits 6 month old fetuses to be killed slowly, by a strong saline solution that burns off the outer layers of their skin. Where this has sickened to many attending nurses, the hormone, prostaglandin is used; it causes the women to deliver a live unharmed fetus, which is then allowed to **DIE** for lack of support measures" Sunday Star Apr. 2, 1978.

Fact 11

Dr. Bernard Nathanson co-founder of the pro-abortion movement in the United States (N.A.R.L. - National Association for the Repeal of the Abortion Law) and the director of the world's largest abortion clinic. By his own count he presided over some 75,000 abortions. He has recently written a book of his experiences entitled "Aborting America", (Doubleday and Company Inc. 1979) "**WE FED A LINE OF DECEIT, DISHONESTY AND FABRICATION OF STATISTICS AND FIGURES: CODDLED, CARESSED AND STROKED THE PRESS.**"

Before this propaganda no one said "it's a women's body to do with what she wants" - "If it is unwanted - get rid of it".

We humbly suggest that those people who quote those reasons do so out of a response to the propogandering of a 'FEW' pro-abortionists. It was something we never heard said too much before - it seems only recently we hear it oft quoted by people who support the decision to destroy Canadian unborn life.

WE INVITE THOSE WHO MAY HAVE HAD OR ENCOURAGED THE USE OF ABORTION - THIS IS NOT A TIME OF CONDEMNATION - BUT A TIME OF EXAMINING THE FACTS AND LOOKING FOR GUIDELINES AND ALTERNATIVES...

HAPPY BIRTHDAY CANADA - YOU JUST BECAME A "GODLESS" NATION

(No acknowledgement of God as Creator in constitution)

NOW..WE ALL HAVE RIGHTS BASED ON WHAT MEN SAY

(Let's hope in the future there are no Hitlers)

WE CAN KILL OUR UNBORN (Who's next - aged, ill, handicapped, etc?)**NO MORE GUILT** (The state is now supreme it will decide)**NO MORE SIN** (Go on do your own thing - but don't complain against gays, political activists, etc....like you - they're doing theirs, and who's to decide whose is the best?.. the Bible used to - but now we are free of all that?????????????)**LEARN - "TOTALITARIAN" - "AUTHORITARIAN"**

They now apply to your government, regardless of clever semantics.

TODAY IS THE DEATH OF THE CHRISTIAN - JUDEO ETHIC

Which has governed and been the base of this nation and others for hundreds of years.

AT LAST - WE ARE FREED OF GOD, ACCOUNTABILITY AS A GOVERNMENT, MR.s TRUDEAU AND DAVIS HAVED DECIDED.. RELIGIOUS FREEDOM TO WORSHIP WILL NO DOUBT IN FUTURE BE SUBJECT TO STATE "ACCEPTABILITIES"

GOOD LUCK !!

The result has been a curious avoidance of the scientific fact, which everyone really knows, that human life begins at conception and is continuous whether intra- or extra-uterine until death. The very considerable semantic gymnastics which are required to rationalize abortion as anything but taking a human life would be ludicrous if they were not put forth under socially impeccable auspices. It is suggested that this schizophrenic sort of subterfuge is necessary because while a new ethic is being accepted the old one has not yet been rejected.

Malcolm Watts, M.D.
September 1970

The unborn child is from the very first a child. It is still developing and has no independent life, but it is a man, and not a thing, not a mere part of the mother's body... He who destroys germinating life kills a man and thus ventures the monstrous thing of decreeing concerning the life and death of a fellow man, whose life is given by God, and therefore, like his own, belongs to him.

Karl Barth
Protestant Theologian

Destruction of the embryo in the mother's womb is a violation of the right to live which God has bestowed upon this nascent life. To raise the question whether we are concerned already with a human being or not is merely to confuse the issue. The simple fact is that God certainly intended to create a human being and that this nascent human being has been deliberately deprived of his life and that is nothing but murder. A great many different motives may lead to an action of this kind. Indeed, in cases where it is an act of despair

performed in circumstances of extreme human or economic destitution and misery, the guilt may often lie with the community rather than the individual... All these considerations cannot in any way alter the fact of murder.

Dietrich Bonhoeffer
Protestant Pastor and
Martyr Put to Death
by the Nazi Regime
in 1945

The moment has arrived for society to take its own measures of self protection against those zealots of science who have ceased to distinguish between their brothers and guinea pigs.

Vikenty Verassayev, M.D.
1916

It was you who created my inmost self, and put me together in my mother's womb; for all these mysteries I thank you; for the wonder of myself, for the wonder of your works. You know me through and through, from having watched my bones take shape when I was being formed in secret, knitted together in the limbo of the womb.

Psalm 139, 13 - 15

One thing is established beyond all vestige of a doubt -- and that is the shameful indifference with which the medical world contemplates such atrocities.

Vikenty Verassayev, M.D.
1916

Before I formed you in the womb I knew you.

Jer. 1:5

What is Really Happening...

DISTRICT NEWS

Kinmount Korner

by Millie Moss

Eileen Masters, a sister of Muriel Nightingale, returned to her home in Oshawa recently and all were sorry to see her leave, as her visit was truly enjoyed.

Happy birthday to Faye Hobbs and Gloria Tassie.

The Galway eucure results last Wednesday were: men's high: Harry Stuart, men's low: Em Harper, ladies' high: Donna Shaw, ladies' low: Leila Swinson and Eileen Masters and Most lone hands: Louise Zandstra.

The St. James Hall was nicely decorated in shamrocks and shillelaghs and pretty table cloths on Saturday, March 14, for their annual St. Patrick's tea and back sale. As usual, a very good and very friendly crowd showed up to help celebrate. The "goodie" table of home baked bread, buns, cookies, cakes, pies, candies and pickles soon went the way of all good things. A big thank you to all who helped once again in making the tea a success.

Florence and Harold Alton of Cobocook, visited with John Pyke in Norland last Tuesday evening.

Helen and Alex Graham celebrated their 36th wedding anniversary on March 17. Bill and I were wed 40 years ago, March 19.

Enjoyed the visit of our daughter, Bonnie Walker, for a few days over last weekend. She drove from Pinellas Park, Florida, by herself and enroute blew a tire which she changed herself, even though, as she says, it did take two hours.

Winner of the Norland Firefighters hockey pool, Saturday, March 14, was Linda Lee, Norland.

Dolly LeCraw of Norland visited with her dad, who is doing well at Extendercare in Lindsay. Dolly went with her hubby, John and Clyde Parry, the boys attending to business matters while Dolly was with her dad.

The Norland Post Office opened up for the first time on Monday, March 16. It's a pretty little building and Rotha Bryant, post mistress for a number of years is staying on for two weeks to help the new and first post-mistress of the new building. Happy retirement Rotha and may you have many happy years on your new job, Betty Davey.

Jason Moss spent last weekend at our house. He seems to be improving all the time now and when he gets back to school, will even be sporting new fingernails. Not everyone has that distinction.

Chocolate Coated Easter Egg Cake: 1 - (18 oz.) pkg. white cake mix, 1 - (7 oz.) pkg. lemon pie filling mix or 1 - (19 oz.) can of lemon pie filling, 2 square semi-sweet chocolate, 1 cup of heavy cream (35 per cent), 1 cup granulated sugar, 1 tsp. corn syrup, 1/2 tsp. vanilla. Prepare cake according to the package directions and bake in a bundt pan or 10 inch tube pan. While cake is baking, prepare lemon filling according to package directions. Cover top of filling with a piece of plastic wrap and refrigerate until cool. When cake is baked and cool, cut a slab off top of cake, approximately 1-inch thick. Remove it carefully so that it doesn't break. Using a pointed metal spoon scoop a tunnel out of the remaining part, leaving an edge around cake at least 3/4 inch wide. Place cake crumbs, scooped out of the centre, into a small dish. Add 1 1/2 cups cool lemon filling to

the crumbs and mash together with a fork until you have a custard-like consistency. Fill cake tunnel with lemon mixture and cover with top slab. Refrigerate until cool. In a saucepan combine chocolate, cream, sugar and corn syrup. Cook over low heat, stirring constantly, until chocolate is almost melted. Increase heat to medium and boil without stirring, until mixture reaches the soft ball stage, 236 degrees F. on candy thermometer. It will take about 10 minutes. Remove from heat. Stir in vanilla. Pour over the chilled cake and refrigerate. Remove from refrigerator half hour before serving. For a richer tasting chocolate, increase amount to 3 oz. - If you're on a diet; forget it! Otherwise - enjoy.

A very happy 50th wedding anniversary is wished to Dolly and Frank Hawkins of Thickson Road, Whitby, Ontario.

Clara and Ambrose Watson, R.R.1, Kinmount, had grandson Steven Fountain and Charlene Fountain for a few days last week, from Oshawa.

St. Patrick's Kinmount, eucure scores: ladies' high: Mary Phillips, ladies' low: Ann Cain, men's high: Am-

brose Watson, men's low: Hugh Phillips, most lone hands: Lyle Anderson. This eucure, having been held St. Patrick's evening, in hall of the same name, a little party was held and cake and ice cream was served, the cake being beautifully decorated in the "Irish day" theme by Aileen Brown. There were two lucky draw prizes given and the lucky winners were: Gladys Anderson and Ambrose Watson.

Norm and Bertha Bamford are now back home from their approximate four month holiday in Florida. Welcome home folks!

Flo and Harold Merritt spent a few days recently in Hamilton and district visiting with family and friends.

W. D. Moss of Norland spent a night in Ross Memorial last week due to a hiatus attack.

Sorry to hear Ken Young is ill. Get back to us soon Ken. Sympathy to all family and friends at this time, of my own dear old friend, Vera McKague, who died Wednesday, March 18. Funeral was Saturday, March 21 with spring interment in Bexley cemetery. Vera was a familiar figure for many years in

Shield's Dry Good Store in "Coby" and lived in one of the large houses on the corner of Albert St. just opposite the Pattie House. I used to go sit with her for an evening when I could get away from the hotel and she told of many things that happened around there in the old days. Later on, we purchased the two houses at that corner and Vera moved to Cannington without having seen the new Bank of Commerce which now sits where the houses used to be.

Jack Pyke and W. G. Moss spent a few hours around Cameron on Friday.

Helen and Alex Graham were Friday evening dinner guests of Terry and Shelley Janke, Norland.

There will be 58 numbers called at the Legion bingo in Kinmount, Friday, March 27 so there's a good chance you may win the jackpot.

Hope to hear Gladys Haas of Tory Hill will be home from hospital in Peterborough in the very near future and feeling well again.

Remember our shut-ins and the lonely. Stay well 'til we meet here again next week. Have a nice day - 488-2399.

Chatting with Irene

by Irene Moore

Spring arrived last Friday giving us a lovely Saturday and Sunday - and when one wakes up in the morning to the songs of the birds, one really thinks all is well, but beware we still have a week of March left and anything can happen. The west, it seems, is having nasty weather and usually we get it about five days later. As Shakespeare once said "One touch of nature makes the whole world kin" and spring is here even if we get some bad weather. Wonder how the sap is running this year?

There are only two birthdays at Hyland Crest Home for April unless some new residents are there. They are Zilpah Hie, April 6th and Ann Fountain, April 21st.

Winners of the second chance draw were - Mae's Country Mart - Helen Minto, and Stedmans - Betty Milburn.

They say an ounce of prevention is worth a pound of cure; so as this is the week of the "school break", please watch for the children playing as you drive along because one never knows when a child will dart out on the street or road, and a number of them will be on their bikes this week as well.

Clara Coulter of Peterborough has been visiting with Mrs. Arnold Coulter. They tell us to conserve energy: Did you know that one higher wattage lightbulb,

say 100 watts, is more efficient and consumes less electricity than 4 - 25 watt bulbs. Fern Besner of Kapuskasing is visiting her mother, Mrs. Irene Stamp and other relatives this week.

There are two card parties coming up next week: on March 30th the L.O.B.A. will be holding one at the home of Mr. and Mrs. Morgan Trumbull and on April 2 there will be a card party at St. Paul's Parish Hall in aid of their foster child. Both start at 8 p.m.

Mrs. Edith Welch spent last week at the home of Mr. and Mrs. Ron Welch in Frankford.

It is difficult - but rewarding... to believe when others are doubting; to work when others are dreaming; to care when others are neglecting; to give when others are grasping; to forgive when others are condemning; to smile when others are complaining; to praise when others are criticizing; to build when others are destroying; to risk when others are hesitating; to serve when others are demanding; to persist when others are quitting.

The Tom Parish family of Willowdale are spending this week with Annie Kernohan.

Better a lie that heals than a truth that wounds. The Robert Browns of Toronto spent the weekend at Clare Browns and Alyson is spending this week with her

grandparents. "Chicken and Rice" - 1 can cream of mushroom soup, 1 can cream of celery soup, 1 can cream of chicken soup, 6 pieces chicken, cut up and rolled in melted butter, 1 cup uncooked rice, salt and pepper. Mix the rice with the three cans of undiluted soup; add salt and pepper to taste. Spread in an oblong flat baking pan. Place buttered chicken on the bed of rice mixture. Bake uncovered at 300° for two hours.

The Glen Coulter family of Ottawa spent the weekend with Angus Coulter.

Kim and Dawn Maw and Paul of Perth are visiting with Ken and Carol Cox and other relatives this week.

Children have a frustrating habit of scuffing the tips of their shoes. Next time you shine them apply several thin layers of clear shellac over the tips to protect them. The Harold Coulters and

the Floyd Millers attended a birthday party in Kirkfield at the Leslie Coulters last week. When you cheer someone who's blue; it cheers your day a little too.

Minden Women's Institute met at the St. Paul's Parish Hall on the afternoon of March 18. The president Mrs. Clare Brown opened the meeting with the poem, Someone Walks Beside Us.

The roll call, a favourite recipe, was answered by 17 members exchanging recipes. There were three guests present.

The card convener reported sending 25 cards since February meeting.

Mrs. Lyman Cox gave a report on the district directors meeting.

The annual bus trip was set for June 8. Where, we will try and find out shortly. It was decided to hold a bake sale, plant sale and White Elephant sale on main street on May 30 at which time the draw on the quilt will be held. Tickets on the quilt are on sale from W.I. members now. Mrs. Arnold Coulter read a joke to the members at the close of the meeting. A delicious lunch was served by the lunch committee. The April meeting will be on April 15 at the United Church Hall at 2 p.m.

Adios and take care now.

OPP detachment report

from page 3 following activity.

Forty-two general occurrences including six liquor offences, two thefts and one break and enter were reported.

Seven motor vehicle accidents with two people injured and one non-reportable accident were investigated.

Snowdon Supporters News

The Snowdon business and community group met on Monday, March 16.

Due to unseasonable weather, our fun day and ski trail opening day plans were spoiled, however, we hope to inaugurate the trails early in the season next year. Friends who used our trails this past winter reported they were very pleased and enthusiastic about them and are looking forward to using them again

next year.

Some long term thoughts and objectives for our community park were discussed and it is a pleasure to see such interest displayed.

Our Snowdon directory maps are now a reality and a small number were available at the meeting for distribution. The maps will be at our local businesses, the Chambers offices shortly.

We are in the preliminary

stages of planning an auction, flea market and craft sale. It is hoped that this will be held on Saturday, June 27, at the Lochlin Community hall park. If any person or organization would like to rent a table for this event we would be most

KAWASAKI

Wilberforce News

by Winnie Schofield

Congratulations to Mr. John Eakins who once again will be our provincial representative for the Ontario government. It is too bad that more people don't take the trouble to vote. About two-thirds of those eligible to vote cast their ballots. It is a long day for those in charge of the polls. One appreciated act of good will was that of Gary Agnew who arrived during the day with a large bag of fresh donuts.

The Monmouth Senior Citizens entertained about 250 people from neighbouring clubs and a fine time was had by all. Dances were inspired by the music of the Old Time Fiddlers from Bobcaygeon. There were door prizes given and later on a buffet refreshment table was set up. The weather was stormy and it is surprising that so many arrived for this occasion.

On Friday evening the Monmouth Figure Skating Club presented their carnival "Centennial on Ice". The arena was packed for this occasion and you were lucky if you were able to obtain a seat. It was a very enjoyable evening and the Monmouth skaters performed very well and showed talent and style. The costumes were done with imagination and flare. As always the youngest skaters won the hearts of the audience with their every move and were loudly applauded.

for their skit "Angels and Preachers". The cold weather caused problems with the sound equipment. Shelly Hunter of Gooderham gave an excellent performance as did two guests from the Bancroft Figure Skating Club, Judy Young and Wendy

Comrie. Another highlight was the precision team from the Bancroft club. Saturday evening the Legion members held a pot luck supper with a fair attendance. This was also the occasion for a kitchen shower and many useful gifts were received. A

friendly sociable evening followed. Hockey play-off this past weekend saw Wilberforce Bank of Nova Scotia Atoms with a score of 4 against the I.G.A. Bancroft players' 1. Elephant Lake Lodge 1 against Leveque 4. Schwandt

Home Care - Pee Wees - won the overall house league games but lost in the playoffs. Ridgeview Restaurant Bantams won championship in house league. These boys lost the game with the Glen Dart All Stars 6 - 5.

It should be maple syrup time in Ontario. However, with the rather mixed-up weather we've experienced this winter, syrup production is quite variable. There was a good run of sap in many maple trees during the warm spell we had late in February. Very few syrup producers had their trees tapped then, so were not able to take advantage of that flow.

During March the weather has been variable. Several producers have had 2 or 3 good syrup days, with periods of cold weather stopping all sap flow in between. The sugar content has been quite

high in the sap which has run to date. Hopefully there is still lots of time for good weather to provide a bountiful crop of delicious maple products. The cost of producing maple syrup continues to rise rapidly. Costs are a serious concern to producers. Several

new techniques are being tried in a few Ontario sugar bushes this year, to help reduce production costs. One technique is to use a reverse-osmosis machine to concentrate the sap before it is boiled. The fresh sap is pumped through a tube which has a semi-permeable skin.

Some of the winter in the sap goes through the skin leaving concentrated sap at the end of the tube. Up to 75 per cent of the water can be removed without using any heat. The pumps do use electricity. A new innovation being tested is an economizer evaporator.

Coboconk News

by Shiela Lake

Tom and Donna Barbour are home after a dream vacation in Hawaii.

Enjoying a Florida vacation are Marg and Jennie Richardson, Helen Baldwin, as well as other family members Jack and Marg Hannivan of Lindsay, and Des and Donna Des Lauriers of Peterborough.

Two former Coboconk residents died last week: Vera McKague, a resident of Lakeview Manor, Beaverton passed away in Ross Memorial Hospital. Vera worked in Sheilds Dry Goods store here for many years. She recently had her remaining leg amputated, losing the other one some years ago. A gentle soul, we sympathize with those who mourn.

Greta Sawyer died in York County Hospital, Newmarket following a stroke. She was

just 57 years old and had lived here in Coboconk, being born and raised here. She was laid to rest at Milton where her daughter Joyce resides. Our sympathy to the Sheldon family, and Sawyers.

Roy Farrow died the week previous in Peterborough. He too was a Coboconk native. Our sympathy to the family.

Get well wishes to Maizie Brohm who underwent surgery in Ross Memorial Hospital on Thursday morning. And our very best to Sadie Callan who had a very serious operation in Sunnybrook Medical Centre on Friday. We're all pulling for you, ladies!

Grant Benson was a visitor to Toronto on Thursday.

Mr. and Mrs. Adam Carl of Sunderland called on the Ben Farrow's on Friday on their way home from paying their respects to the late Vera McKague at Stoddards funeral home, Woodville.

A well-known figure on our streets passed away in Ross Memorial Hospital, Lindsay this week. Bob Montgomery will be missed by his loved ones. Our sympathy to the family.

The U.C.W. of Knox United Church had a successful tea and bazaar on Wednesday in honour of St. Patrick's day. Last Sunday, Mrs. A. Maries,

Mrs. R. Faulkner and Shiela Lake, took in the Irish anniversary service at the Holt Fire Methodist Church, at Holt. A good service and good Irish music and hymns.

Rev. McCaw is from Ireland and makes this an annual event.

The three-day convention at Faith Tabernacle ended on Friday evening.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND LEASE A PORTION OF HIGHLANDWOOD DRIVE, REGISTERED PLAN OF SUBDIVISION NUMBER 405, TOWNSHIP OF DYSART, FOR A MINISTRY OF ENVIRONMENT SEWAGE PUMPING STATION.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of The Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on April 13th, 1981 a By-law to Close, Stop Up and Lease the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being a portion of Highlandwood Drive, as shown on Registered Plan of Subdivision Number 405, Township of Dysart, in the Provisional County of Haliburton and being more particularly shown as Part 1, on a Plan of Survey by H. C. Bishop, O.L.S., dated June 21, 1977 and which Plan of Survey is available for inspection at the Municipality of Dysart et al Office at Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF PART OF THE STREET ALLOWANCE BETWEEN BLOCKS XI AND XIII, PLAN NO. 1, IN THE TOWNSHIP OF DYSART, IN THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, April 13, 1981, a By-law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of part of the street allowance between Blocks "XI" and "XIII", Registered Plan Number 1, known as the Town Plot of Haliburton, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic, derived from the Southerly limit of the aforesaid street allowance, having an assumed bearing of North 68 degrees 50 minutes East as shown on a plan by H. C. Bishop, O.L.S., dated December 17, 1974, of record in the offices of Bishop and Wilson Ltd. COMMENCING at the South Easterly angle of Lot 4, Block XIII; THENCE Westerly along the Southerly limit of the said Block XIII on a course of South 68 degrees 50 minutes West, 616.37 feet to a point in the Easterly limit of the Township Road; THENCE Southerly along a curve to the left having a radius of 317.07 feet, an arc distance of 64.44 feet, and having a chord equivalent of 64.33 feet when measured on a course of South 34 degrees 05 minutes 09 seconds West; THENCE South 28 degrees 15 minutes 50 seconds West, 45.16 feet to a point in the Northerly limit of Block XI; THENCE Easterly along the Northerly limit of the said Block XI on a course of North 68 degrees 50 minutes East, 703.52 feet to the North Easterly angle of Lot 8, Block XI; THENCE North 21 degrees 12 minutes 10 seconds West, 66.0 feet to the Point of Commencement.

WHICH SAID parcel or tract of land may be further illustrated, shown in heavy outline on a plan by Paul Wilson, O.L.S., dated March 5, 1981 and hereunto attached. AND WHICH Plan of Survey is available for inspection at the Municipality of Dysart et al office in Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law and its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

Snowdon Supporters

from page 10
pleased to have you call Jean Farrell at 286-2843. We would like to have a little of everything: baking, garden vegetables, home crafts, antiques, etc. and of course, your unwanted treasures for our auction. Remember when you are doing your spring cleaning this year to keep your unwanted treasures for pick-up by one of our members early in June. More information will be available on this event next month.

Another community dance is confirmed....an "Easter Bunny Hop". It will be held at Gelert Gardens on Saturday, April 11. Tickets are available via Fred Simmons at Irondale, Gelert Gardens and Lochlin Store. As a limited number of tickets are available, please get your tickets early if you are interested as we were sold out for the last dance.

It was encouraging to see some new faces at our meeting this month, and we hope

to have more of the community take part in the future.

Our next meeting will be at Gelert Community Centre on Wednesday, April 15. Everyone is again welcome and encouraged to come and see what this group is all about.

FOR RENT

Available June 1st, 1981 the store premises formerly occupied by Coburn's Drugs and presently occupied by Paul Heffer on the main street, Minden, Ontario. Heat and hydro supplied.

Contact Verne Gartshore 286-2231.

Extendicare News

from page 8

room of extendicare providing us with a great convenience. John Eakins won by a land slide. The deputy returning officer here was Dorothy Black and the poll clerk Norma Barnum (Barnum and Bailey?).

It was a good birthday party we had in the afternoon MC'd by Shiela Elston and the piano music by Betty Salvatori. There was a delightful succession of singing popular songs old and new until the cake came. There did occur an interruption when Barbara Ramsey, our new secretary and Jack Pollard did the charleston, a quite cute number, but it in turn was interrupted when Frank Powell in passing, gave one of the performers a pet, also cute. Finally the cake came, happy birthdays were sung and Elsie Porter, Mabel Stone, Lola McColl and Norman Titus each found themselves a year older.

Reverend John Smith, pastor of Lakeside Baptist Church in Haliburton and his wife Velma, conducted the Friday devotional period, Friday morning, taking as his theme, Psalm 121 in which the Psalmist stresses what God gives to those that love him. Velma was a good pianist for our singing. Everyone thoroughly enjoyed the after-service snack of tea

or coffee and cookies.

There were two movies in the afternoon. - 1. Hancock's Woods showing a private botanical garden in which rhododendros dominated simply because of their lovely flower. Soon he will be a very noted authority on plants and flowers. 2. Backpack to nature in which the hazards of trekking are laid out. Simple common-sense ensures that the rules will be followed. They were very good movies.

In the evening our favourites showed up - Nancy Picard and Peggy Neville, gave another assortment of favourite songs, old and new. They claim they enjoy these visits but if they enjoy it as much as we enjoy them then it becomes joy unlimited.

Saturday was our day to visit the maple products display at the Leslie M. Frost Natural Resources Centre, 10

km. south of Dorset. Circumstances prevented the writer from attending but those that did go came home chock full of the products - pancakes, sausage and all the maple syrup that the diner desired. They brought back much reading, a brochure of the centre, forest management agreements, facts about forests and forest management in Ontario, Private land for-

estry service, make it maple, and improve your woodlot by cutting firewood.

We have read the advertisement on a charter of rights for Canadians as sponsored by the Liberal Party of Canada. It should be called a charter of rights for Canadian wrong-doers. If your editor agrees, more next week, but as it is, it reads like poppycock.

"WHERE THE ACTION IS"

Senior League

from page 8

and rewarded him with lots of hugs and kisses. They all expressed how nice it is to have him back.

Friday afternoon the Hyland Crest singers gathered in the main lounge for a sing song. Mrs. Grace Coburn accompanied by Lucille Clarke on the piano, led the group in the singing of old favourite hymns and songs. Singing together is always a great way to end the week of activities at Hyland Crest.

Haliburton top winners at tourney

from page 6

pass from Jeff Stamp. It was shaping up to be a close game with Minden's Mike Hughes scoring unassisted to tie the game.

In the third period Minden's boys took the lead with a goal at 6:35 from Joey Boyle unassisted and then confirmed the victory at 5:05 on another well-placed shot from Boyle.

Minden won the match 4 - 2.

Minden's star was Boyle while Perrin got the pat on the back for Haliburton.

Haliburton's Atoms came out for a strong win over Woodville in the next match of the tournament. Ed Brohm recorded the shut-out for Haliburton.

It was Haliburton's game all the way with Greg Scheff scoring the first goal with the help of Steve Prime and Jeff Emmerson at 6:59 in the first frame.

Both teams kept playing hard for the rest of the period but neither could find the mark until Scott McKee scored off the stick of Emmerson at 8:36 in the second period.

Haliburton's boys picked up steam with Randy Bird scoring unassisted at 6:26. Scheff got control of the puck after a good combination play from Prime and Kelly Youngdale, to score at 4:59. The boys were still in top form as John Doherty, assisted by Brady Tunall scored only 16 seconds later. Woodville didn't get a chance to remuster before Haliburton pocketed another goal at 3:16, this time from Paul Goulet, assisted by Sheldon Perry and McKee.

In the third period, the Haliburton boys didn't loosen their grips on the reins of power with Perry scoring in the last 1:35 of the game on a shot from McKee.

Haliburton out-performed the Woodville team 7 - 0.

Haliburton's star for the game was Emmerson.

When the Pee Wees hit the ice they were determined not to be outdone by their peers so they also shut out their opponents.

Bobcaygeon was allowed to get one shot past Haliburton's net minder, Jim Dodd.

Bobcaygeon kept the Haliburton scorers at bay until late into the first period when Steve Wilson scored on a shot from Paul Kuno at 1:36.

Jeff Smith was the next Haliburton player to put his mark on the scoreboard with the assistance of Eoin Ross and Watson at 6:50 in the second frame.

With a two-goal edge over Bobcaygeon, the Haliburton boys didn't stop but just kept pushing harder. Their efforts paid off at 1:41 as Watson slipped the puck past the netminder with the help of Smith and Kuno.

In the third period, the Haliburton boys looked like the victors but they had to add two to the score to give them a comfortable edge. At 5:04 Kuno scored unassisted and with only two seconds remaining Watson scored from Kuno.

Watson marked up a hat trick for himself during the game.

Both teams kept playing hard for the rest of the period but neither could find the mark until Scott McKee scored off the stick of Emmerson at 8:36 in the second period.

Bobcaygeon kept the Haliburton scorers at bay until late into the first period when Steve Wilson scored on a shot from Paul Kuno at 1:36.

The final score was 5 - 0 for Haliburton.

Haliburton also won the Bantam match against Wilberforce but the team had tough competition all the way to the top.

In the first period Haliburton took the lead on an unassisted goal by Vince Duchene at 7:45. Wilberforce quickly answered the goal nine seconds later as Steve Detlor scored from Jeff Graham.

A tie wasn't good enough for Wilberforce so the team moved ahead with a goal once again from Detlor with the help of Don Meharrie. Only 35 seconds had elapsed since Detlor's previous goal.

Not to be kept down, Haliburton evened the score at the 2:44 mark on a shot from Dennis McKee, assisted by

Duchene.

In the second period Wilberforce put on a lot of steam and it looked like they might defeat the home team. At 12:14 Jeff Smith scored on a pass from Ron Mintz. Then at 10:19 Mintz teamed up with Neil Madill to pocket the next goal for Wilberforce and less than three minutes later Detlor completed his hat trick on a play from Graham.

With Wilberforce leading by three goals going into the third frame the future looked bleak for Haliburton but the boys rallied and came on strong with four goals to take the championship.

Haliburton's first goal came only 20 seconds into the frame as Kelly Mitchell scored with the assistance of Dave Giles and Jeff Bain.

At 7:59, Mitchell came out of the mass of players to catch a pass from Mike MacInnes to score his second goal. Mitchell was in top form and the Wilberforce players just couldn't outskate him as he completed his hat trick unassisted at 2:02.

With the score tied and six minutes left to play it could have been either team's game if Mitchell hadn't once again picked up the puck and with an accurate shot, scored unassisted at 2:09.

The Haliburton boys kept the Wilberforce team away from their net until the game buzzer sounded.

Haliburton squeaked by Wilberforce 6 - 5.

Individual trophies were presented to all players by members of the Glen Dart family.

Farm News and Views

from page 11

and the Ontario Maple Syrup Producers Association.

Two producers in Ontario are testing vacuum evaporators. The boiling sap is placed under a vacuum to reduce the boiling temperature from 100° C (212° F) to approximately 57° C (135° F). The system can operate on energy generated by the waste heat for a 50 per cent energy saving.

Since it can take three to four litres of oil to produce one litre of syrup in an oil fired evaporator, maple producers are watching these new techniques with interest.

As the price of fossil fuels escalates, these alternate methods, while expensive, may become economical in the long term.

If your car's out of shape you get rid of it, right? What if your body's out of shape?

The Scoresheet

Minden Tykes participated in a Novice 'C' tournament in Fenelon Falls on Sunday. The team managed to pick up two wins before it was ousted out of championship play.

In the team's first game the boys managed to defeat Woodville 2 - 1.

In the first period Aaron Hie scored unassisted. He also chalked up the other goal in the second period on a pass from Kevin Buchanan.

In Minden's second game the boys defeated Millbrook in a close 2 - 1 bout.

Minden picked up both of its goals in the first period. The first shot came from Justin Gentle, unassisted and the second well-placed shot was off Hie's stick.

Minden lost its third game to Orono 4 - 1.

Hie was Minden's only scorer, pocketing his shot in the third period.

Minden Novice won the consolation championship play against Fenelon Falls as the series went the full five games.

Coming up to this week's play Minden had two wins and Fenelon Falls had one in the best of five series.

In the fourth game of the series a Minden goal in the last seconds of the game saved the team from losing the game to Fenelon Falls.

Both teams were evenly matched with neither team getting a clear shot at the goal during the first

and second periods.

Early in the third frame, Fenelon took the lead with the goal being chalked up on the scoreboard. At the 3:25 mark Fenelon widened its lead with another accurate shot past Minden's net minder.

But Minden rallied its forces and with only 1:43 left Kent Taylor with the assistance of Robbie Ackersblade, scored the team's first goal.

With only 11 seconds remaining in the game Joey Boyle took control of the puck for Minden and in a last ditch attempt shot the marker into the mesh.

Minden tied the score 2 - 2.

Lorne Greer played a top notch game in goal for Minden.

In a return engagement at Fenelon Falls Thursday, Minden finally won the series 3 - 0.

Lorne Greer recorded the shut-out for Minden. Fenelon Falls was matching Greer's goal tending techniques in the first period with neither team putting a scratch on the scoreboard.

Early in the second period Randy Bull scored unassisted for Minden's first goal of the game. With 1:28 remaining Boyle scored from Jamie Dollo.

In the third period at 2:42, Boyle scored unassisted.

Minden won the consolation championship with this victory.
